

## **BUS FEE WAIVERS**

The Dickinson Public School District School Board recognizes that the financial status of some district patrons may make it difficult for them to pay part or all of the busing fee.

In view of this, the Superintendent or designee may grant partial or full bus fee waivers. The criteria to be used in determining what portion of the fee is to be considered for waiver will be the North Dakota Department of Human Services Food Stamp Eligibility Form #FS-1 or a similar eligibility form specified by the School District. Bus fee waivers will be prorated on the basis of the level of eligibility for food stamps.

Waiver requests must be submitted at the beginning of each school year or any time a patron becomes eligible to receive food stamps.

Only those patrons for whom the School District receives per student transportation state reimbursement are eligible to apply for a bus fee waiver.
