

PARENT STANDARDS OF CONDUCT

Dickinson Public Schools believes people are individuals who have different thought processes. It is the role of every person at Dickinson Public Schools to treat staff, families and children with respect and dignity. It is an expectation that all adults, in the Dickinson Public Schools setting, conduct themselves in the following manner:

- With courtesy
- With respect
- With patience
- By treating people the way you want to be treated
- By modeling how we want our children to treat others

Under no circumstances will the following behaviors be allowed:

- Quarreling, verbal fighting, rising of voices with employees, students, or parents/guardians.
- Doing things that are against the district’s safety practices and policies.
- Bringing drugs, alcohol, or weapons onto the property of the Dickinson Public Schools or to its events.
- Being under the influence of drugs or alcohol while on the property or at an event of the Dickinson Public Schools.
- Threats to administrators, teachers, staff, students, or parents/guardians.
- Swearing or cursing.

If the above behaviors occur, parents/guardians will be asked (privately if possible) by a Dickinson Public School employee to stop the inappropriate behavior. If parents/guardians continue to quarrel, verbally fight, or threaten, the Dickinson Public School employee will call the police. Employees of Dickinson Public Schools will, at an appropriate time, refer the parent/guardian to the conflict resolution procedures or offer the parent/guardian referrals for counseling services.
