November 16, 2018

Dickinson Public School Board,

In accordance with North Dakota Century Code, the Construction Manager At-Risk (CMAR) Selection Committee met on November 16, 2018, to interview four companies who submitted qualifying proposals to be considered as the CMAR to assist with the proposed bond election, and provide construction over-site of the proposed Dickinson High School project. Following is a summary of the Selection Committee's work:

November 9, 2018

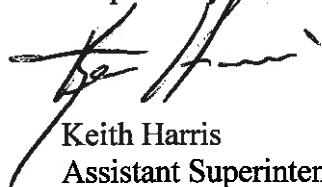

- Members of the Selection Committee met to review the proposals submitted for consideration. After reviewing the qualifying proposals, the committee members choose to interview the following companies:
 - o FCI
 - o JE Dunn
 - o Krause & Anderson
 - o Mortenson
- Invitations for an interview were sent to the four selected companies.

November 16, 2018

- o The Selection Committee conducted interviews with the four companies selected as finalists.
- o The Selection Committee scored each of the four companies using the scoring rubric that was included with the published R.F.Q. After scoring each company individually, the Selection Committee met to compare their results and to decide whom they would recommend to the Dickinson School Board to hire as the CMAR for the above described projects.
- o After comparing the scoring results, the Selection Committee came to a unanimous decision and requested that Mr. Harris share their recommendation with the Dickinson Public School's Board of Trustees.

After considering four very qualified and capable companies, the Selection Committee recommends that the Dickinson Public School Board hire JE Dunn as the CMAR to assist with the District's bond efforts, and to provide construction oversight of the proposed Dickinson High School project.

Respectfully submitted,

Keith Harris
Assistant Superintendent
