

Dickinson High School News - April 2012

Principal's Corner

Today's workers are faced with the challenge of being prepared to work in a labor market with ever changing needs. Some workers find that skills required for their job now are quite different from skills required a few years ago even though the job hasn't changed. This is true for workers in modern offices as well as for those in high-tech medical fields. It is true for auto mechanics as well as for welders. And yes, it is true for dentists as well as machinists. As a worker, you need to be prepared for all possibilities. In large part because of these evolutionary changes, American workers can expect to change jobs numerous times over their careers. Workers who don't actually change jobs will still find it necessary to adapt to the changing needs of their current position. This means that education, training and retraining, can last most of your working lifetime. Learning is a renewable resource. You may be required to draw upon that resource many, many times. In order to be prepared for change, a person should never hesitate to add to his/her knowledge base. The new skills needed or desired may be different for each individual, but the motivation for everyone is basically the same-to be prepared for the future in a fulfilling job as a valuable, productive employee.

Junior/Senior Banquet

The junior/senior banquet will be Friday, May 11 at 6:00 pm, at the Ramada (old Days Inn). Deadline to sign up will be Friday, May 4.

After Graduation Party

A committee has been meeting to plan an "After Graduation Party" for all seniors. The event is scheduled for May 27 at a mystery site. We have an After

Grad party to enable seniors to enjoy a safe, fun, alcohol/drug-free evening with their classmates. The night will include food and other fun activities. Parent volunteers are needed on the night of the party on May 27. We would also welcome more parents to attend the meetings to help plan the party. Please see the school announcements for future meeting dates and times. A letter with more details will be sent to all senior parents in the near future. Please help support the alternative for a safe graduation night for our students. Call Dickinson High at 456-0030 for more information.

Summer School

Summer School will run from May 29 through June 29 at DHS. Various classes will be offered if enough students register for any particular class. Informational/registration packets will be available at DHS beginning April 2 and are due May 1.

Driver's Education

Driver's Education will be offered through Dickinson Public Schools over the summer. Informational/registration packets will be available at DHS beginning April 2 and are due by May 1. Various times and dates will be available to students. The cost is \$150.00 per student. Students who are required to retake Driver's Education because of loss of license will be required to pay full tuition. That cost will be \$300. Students who are retaking driver's education may want to contact a private provider.
