

Welcome Students

Welcome, students, to Hagen Junior High School. I am excited to be a part of a new school year, and am looking forward to great learning experiences for everyone!

You have the ability to shape your own learning and achieve your own success. You have more influence over your own learning than any other individual. Your attitude toward school and learning today will determine your success tomorrow. We encourage you to enrich your life through your educational experiences.

Hagen Junior High School is proud to extend many great opportunities to you. First and foremost, we have wonderful academic classes, led by teachers who are passionate about education. Second, we offer multiple intra-curricular clubs and organizations. Lastly, we have a variety of athletic programs for every season. This is the perfect time for you to explore our curriculum, and I strongly encourage you to do so.

As you grow academically, socially, and physically in your time at Hagen Junior High School, I ask that you remember your responsibilities here toward yourself, your peers, your parents, and your community. First, it is most important to respect yourself, mind and body, by developing your character. Next, respect for your peers' learning environment is a requirement at Hagen. Finally, we expect you to show respect to your parents and community by taking full advantage of your education.

Every single student at Hagen Junior High School has the power to have a meaningful, memorable learning experience. This adventure is entirely dependent on one individual- YOU!

This handbook is designed to acquaint you with the rules and regulations of our building. All of the policies necessary for efficient operation of this school cannot be printed; common sense and respect for the rights of others will dictate the course of action in the absence of a printed guideline. All policies are subject to change, at which time they will be published and become a part of this handbook. You, as a responsible student, will want to become familiar with the rules so your school days will be happy and memorable.

SCHOOL ATTENDANCE

BUILDING HOURS

The school will be open from 7:30 AM to 4:00 PM each day. In general, students are to be out of the building by 3:30 PM, unless engaged in supervised activities or staying after school at a teacher's request. Students not waiting for rides should leave the school grounds immediately.

ARRIVAL AT SCHOOL

Students who arrive at school and enter the building prior to 8:10 AM must report to the gym and will be released to go to their 1st Period at 8:10 AM. Any student not in 1st Period by 8:15 AM is considered tardy and must report to the office when they arrive at school. Schools doors are locked from 8:20 AM to 3:20 PM during our school day so any students or visitors will need to be buzzed in from the office. Students will not be supervised prior to 7:45 and after 3:30 PM. After school, 8th grade students need to be picked up on the **south side** of Hagen, 7th Grade students will need to be picked up on the **north side** of Hagen. Students driving to school must park vehicles off school grounds on the street North of Hagen.

EMERGENCY CLOSING PROCEDURE

If there is any doubt about school being open or closed, parents/guardians are asked to listen to radio stations KDIX 1230 AM, KLTC 1460 AM, and KCAD 99.1 FM. The district Power Announcement message system will be activated should weather conditions warrant the closing of schools or early dismissal. Residents are requested not to telephone the school office or central office when weather is bad. Too many calls tie up vital phone lines, making it much more difficult to keep everything running smoothly.

In the event of other emergencies not related to weather that might require the schools to close or be evacuated during the school day, all district staff will follow the steps outlined in the district Emergency Procedures Manual to ensure the safety and well-being of all children in the schools.

ABSENCES

NOTIFYING THE SCHOOL

When a student is going to be absent, a parent or guardian must call Hagen and report the reason for their absence. This call shall be made before the first class which the student will miss. Failure to contact the school will result in the absence being recorded as an unexcused absence. PLEASE CALL 456-0020.

TARDINESS

A tardy is defined as not being at the correct workstation to begin class after the bell signals the start of the new class period. A student must report to the office for a pass if they are tardy in the morning or when returning at noon. Consequences for being tardy are as follows.

1. Three tardies will count as one tardy absence. Absences resulting from tardies will not count toward the total absences allowed. Disciplinary consequences include lunch detention for each tardy and if student fails to complete lunch detentions, other consequences may be given at principal's discretion.
2. Habitual tardiness will be treated as insubordination and may result in referral to outside agency.

ATTENDANCE POLICY

The **Stay in School Program** is a collaborative effort to impact school attendance through preventative and/or early intervention services to students and families. The intention is to increase the student's regular attendance in school by implementing positive intervention strategies and assist in removing the barriers that prevent daily on-time attendance.

Involved Agencies/Community Attendance Team:

- Dickinson Public Schools
- West Dakota Parent & Family Resources
- Stark County Juvenile Court
- Stark County Social Services
- Dickinson Police Department (Phase IV)
- Hagen Junior High Day Treatment Program

The program progresses through various phases as needed to assist the student establish regular on-time attendance patterns. The series of phases build upon one another with specific procedures to be followed. It starts with notifying the parents/or guardians of the school's concern and progresses to conferences and interventions to resolve the attendance problem. The policies and procedures for each phase are as follows:

E = Excused Absence U = Unexcused Absence A= Absence PA = Principal Approval X = Extracurricular Activity *these codes are as marked in PowerSchool.

School defined Excused Absence: Any day or time missed that proper documentation has been provided for the absence.

School defined Unexcused Absence: Any day or time missed that documentation, or notification from parent, has **NOT** been received. School sponsored activities are not counted as absences.

School defined Absence: Any day or time missed that has been reported to the Hagen attendance office, but is not accompanied by proper documentation. If notification is not provided, the absence will be marked as unexcused.

Principal approval will be granted for family related absences. Family Related absences include weddings, vacation, funerals, family emergencies, and legal/court requirements. Parents are responsible to communicate these activities with the school and submit an Absence Request form available at the front office. Upon submission, principal may approve or deny the request.

***Proper Documentation:** Doctor's note, court document, other documents deemed appropriate by the principal.

*School sponsored extracurricular & intra-curricular events do not count toward absence policy.

*Administration will work with parents/guardians on extreme circumstances such as major illness.

Phase I – 8 days of absence from school or 8 tardies (late arrival to school). The student's team of teachers will provide a **Phase I** letter of concern to parent(s) or guardians. This letter will describe concern, offer possible resources, and communicate attendance history.

Phase II – 12 days of absences from school or 12 tardies (late arrival to school). The principal will provide a **Phase II** letter of concern to parent(s) or guardians requesting a conference. The conference agenda will consist of an explanation of the Stay in School Program, a review of past attendance and performance, explanation of the assessment of barriers interfering with student's regular daily attendance, and a plan of interventions by the student, parent, teachers and school. The student may also be referred to the Day Treatment Program. The Day Treatment staff would assist the parent/guardian and student with the attendance concerns. Together they would come up with a plan in order for the student to attend school on a regular basis.

Phase III – 16 days of absences from school or 16 tardies (late arrival to school). The principal will provide a **Phase III** letter of concern to parent(s) or guardians requesting a conference along with the Day Treatment director/teacher. The conference agenda

will again consist of an explanation of the Stay in School Program, a review of past attendance and performance, an explanation of the assessment of barriers interfering with student's regular daily attendance, and a plan of interventions by the student, parent and teachers. Notification will be given to the student and the parent/or guardian that continued inability to be on-time and in regular attendance will result in a referral to Stark County Social Services for educational neglect.

Phase IV- 20 days of absences from school or 20 tardies (late arrival to school). The school administration and the Day Treatment staff at this time will refer the student to Stark County Social Services and the Dickinson Police Department. The Community Attendance Team (which consists of professionals from the West Dakota Parent & Family Resource Center, Dickinson Public Schools, Hagen Junior High School Day Treatment Program, Stark County Juvenile Court, Stark County Social Services, and Dickinson Police Department) will meet with the parent/or guardian and student to discuss and review the attendance plan. *The Hagen Junior High Attendance Policy was developed under the guidelines of the DPS District Attendance Policy FFB.

PERMISSION TO LEAVE SCHOOL DURING THE DAY

Students are not permitted to leave the school building during the day unless approved by the office. Parents are required to sign students out in the school office before leaving the building. If you leave school without permission from the office, you will be considered truant.

The following are examples of excused reasons for permission to leave campus:

1. Family Emergencies and Health Related Appointments. The parent will contact the office **and provide documentation** and an appropriate pass will be issued to the student.
2. Sudden Illness. The student should report to the office for the appropriate pass. Parents will be contacted from the office.
3. School Sponsored Activities. The coach or advisor of the activity will notify the office and teachers and give them a list of students who will be leaving and when they will be gone.

MAKE-UP WORK

The usual time allowed for make up work is two days for every one school day missed. Students that are truant or receive unexcused absences are required to make up work. A maximum of two weeks will be given to make up work at the end of a term. Students that have a large number of absences for any reason may be removed from elective course work and placed in a standards recovery program.~~

Scheduling FAQ

How do I sign up for classes?

Future 7th Graders: In the Spring, our counselor will hold some registration nights for future 7th graders where students will register for the next year. Letters will go home to our 6th grade students with detailed information regarding this event.

Future 8th Graders: In the Spring, our counselor will visit the 7th grade classrooms and go over how to register for classes. Students will bring the registration forms home to get parent input and signatures before returning it.

When is my schedule final?

Your schedule is final on the first day of school. The week before school starts we have Registration Week. During that week, you may come in and change classes if it is possible.

Why can't I drop a class?

It is disruptive to the learning environment when students are constantly switching classes. A student entering a class late in the trimester will be behind in foundational skills and would have a difficult time catching up to the rest of the class.

What if there is a mistake in my schedule?

Sign out during Home Base to see our counselor. An example of a mistake would be a required course is missing or you have two of the same classes. It is not a mistake if you did not get into all of your first choice elective courses.

What if I don't get into all the classes I want?

You probably won't get into all the classes you want. In a school of 500 students (and growing) it is near impossible for your schedule to work out for you to get every class you want. But we try our best to fit in as many of your first choices as we possibly can into your schedule.

How come some students have study halls and I do not?

Some students may have either Reading Study Halls or Math Study Halls built into their schedules. These study halls re-teach the day's lesson in those subjects. Students must qualify for these classes via state test scores and teacher recommendations. You cannot request to be in a study hall. Students can be removed from study halls when test scores are proficient and teachers agree the student has the skills to be without the class.

Can I switch my classes to be with my friends?

No. But don't worry, we still have recess here!

Can I switch teachers?

No. If you have questions about this, you may speak with one of our principals.

Can I switch my classes if I don't like the order of my classes?

No. We simply have too many students to allow this option.

Can I switch my classes if I am in a sport?

No. As a student athlete, you must be responsible to collect your homework BEFORE you leave early for a sport. You are a student first and an athlete second.

USER AND ACTIVITY FEES

The Dickinson Board of Education adopted a fee schedule for activity fees, participation and for user's fees. This action was taken to defray costs for activities and consumable supply materials. Provisions for hardship cases based on food stamp eligibility will be used to waive payment of these fees. If you qualify to have these fees waived, contact the principal's office.

The following fees were adopted:

1. Technology Fee - \$10.00 - The fee will defray the costs of consumable materials used in technology classes. Students who do not pay the technology fee will not be allowed to keep their projects.
2. Participation fee - an individual will be charged an activity fee for a school sponsored activity. The fee will be paid at the start of the activity and students will be notified of the amount by the advisor.
3. User fee - \$25.00 - per semester for use of school owned instruments will be charged to participating band members.

TEXTBOOKS

Textbooks are furnished by the school district and are issued at the beginning of the year. Students who lose or damage a book while it is checked out to them will be expected to pay for it.

PHYSICAL EDUCATION EXCUSES

Physical education is required. If it is necessary for a student to be excused from P.E. for a short time, even though he/she is in

school, the student must have a note from their parent. Excuses for a longer period of time must be according to doctor's orders.

HOME BASE

The last 40 minutes of every school day will be the Home Base period. This time is devoted to reteaching, completing homework and enrichment. It is an opportune time for personal growth activities, monitoring of students academic progress, student advisory activities, and making contact with individual teachers. Students can access the library and computer rooms during this time as well as attend meetings concerning school activities. Channel One will be viewed during Home Base.

OPPORTUNITY TIME

Students who are having difficulty in any subject areas will be referred for participation in Opportunity Time. Opportunity Time is scheduled on Tuesday, Wednesday and Thursday afternoon during Home Base time. Students will be scheduled to take part in the program as assigned by teachers making the referral. The program will provide the students with additional daily instruction, time for completion of work, and/or supplementary education.

NOON STUDY

The students noon study hall is an assigned study room devoted to completing unfinished school work. Noon study hall is conducted during the first or second half of the student's lunch period opposite the students eating lunch. Each pupil is required to bring all necessary study materials to these classes. The emphasis is placed on students assuming responsibility for their own behavior and their own learning.

GRADING

The suggested grading system is as follows:

(94% -100%)	A	- Superior
(86% - 93%)	B	- Good/Above Average
(78% - 85%)	C	- Average
(70% - 77%)	D	- Below Average
(Below-70%)	F	- Failing
	I	- Incomplete

DEFICIENCY NOTICES/ MID-TERM REPORTS/ SCHOLASTIC ELIGIBILITY

Mid-term reports are sent home with students during the seventh week of the twelve-week grading period for all students. In addition, a student who is doing inferior work or not working up to his/her ability will have a midterm report mailed home to parents. Students and parents may check grades by using their PowerSchool Parent and Student login at <https://dickinson.ps.state.nd.us/public/home.html>

SCHOLASTIC ELIGIBILITY

In accordance with the North Dakota High School Activities Association, Dickinson Public Schools has adopted the following academic requirements for eligibility in school activities. To participate, Hagen Jr. High School students may not be failing in any class. Grades are checked at the midterm of each trimester and at the end of each trimester (6 times per year). If a student has a failing grade for the trimester in any class, he or she is declared academically ineligible for one week. The student's grades will then be checked weekly, and the student will remain academically ineligible until passing the class. Also, any Hagen Junior High student participating on a Dickinson High School team/activity must be passing ALL classes to be academically eligible for that particular activity.

The policies and procedures for each phase are as follows:

In most cases, administrative approval will only be granted for medically documented absences; family related absences such as funerals, weddings, etc; absences due to extreme weather conditions, and legal/court requirements. Family vacations need prior administrative approval in order to be excused. Requests for family vacations must be made in advance by submitting a Family/Personal Absence Request Form available in the front office.

PROMOTION AND RETENTION

Students that fail a large portion of Math and Language Arts standards or miss large amounts of school may be required to retake specific standards during summer school for promotion.

1. Standard for Seventh Grade

2. Standard for Eighth Grade

Failure of three or more core classes (math, language arts, science and history) may result in the student repeating the entire eighth grade curriculum the next school year. A student may be promoted to ninth grade at the end of the first semester if satisfactory progress is made. Consideration may be given to students who have been previously retained.

3. Reasonable Effort to Complete Work

Homework completion is primarily the responsibility of the student. A. Activity Director's Message

Dickinson Public Schools supports all of its activity programs with great enthusiasm as a positive and valuable part of the total educational experience. Dickinson Public Schools is extremely proud of the multitude and variety of activity programs offered to all students. All student activity programs shall be organized and managed along the following guidelines:

I. Participants shall be treated as regular students. No special consideration is given for grades, attendance, assignments, etc. Students involved in school activities should represent the best that the district has to offer in and out of the classroom.

II. Full allegiance will be given to all rules and regulations of the North Dakota High School Activities Association as well as other policies set forth by Dickinson Public Schools.

III. All activity programs will be conducted for the benefit of the participants, with maximum concern for their safety, health, and well-being.

Activities Director

B. Eligibility of Activity Participants

The North Dakota High Schools Activities Association (NDHSAA) serves as the governing body for many of the activities offered by Dickinson Public Schools. In accordance with the NDHSAA and many other state-sponsored student organizations, Dickinson Public Schools has adopted eligibility requirements for all its activity participants. Participants and parents/guardians should take the time to become familiar with all eligibility requirements. The NDHSAA Constitution and By-Laws Manual contains thorough detailed information in regards to the activities they sponsor. These by-laws can be found at www.ndhsaa.com.

The following are selected policies of the NDHSAA and those policies adopted by Dickinson Public Schools pertaining to eligibility requirements of all Dickinson Public Schools student activity participants. Individual activity programs may have additional training rules/regulations that apply to participants. Program participants will be made aware of any specific program rules/regulations that exist. The Activities Director and building principal will approve specific individual program rules/regulations in addition to those specified below:

2) PARTICIPATION FEES

1. Athletic fees are based upon the grade level of the student, not the level at which they participate. For example, an eighth grade student participating on a high school team would pay the junior high fee, not the high school fee.
2. Fees for club funded sports (swimming and hockey) are determined by each club.

b. Other Activities – All non-athletic activity participants are required to pay a participation fee as determined by Dickinson Public Schools. This fee is in addition to any state and national dues for each activity group.

3) CODE OF CONDUCT/MEDICAL RELEASE FORM - All activity participants along with parents/guardians are required to read and sign a Code of Conduct/Medical Care Release Form.

- a. This form must be completed every year.
- a. Activity participants are NOT ALLOWED TO PRACTICE OR PARTICIPATE IN ANY CONTEST, GAME, PERFORMANCE, OR OTHER INTERSCHOLASTIC EVENT until a current Code of Conduct/Medical Care Release Form is on file with the Activities Office at Dickinson High School.

To participate in any school sponsored extracurricular field trip, out-of-town contest or convention, or away game, the student and the parents/guardians of the student must sign a consent form by which the student agrees that as a condition of participation in the extracurricular activity, he/she will consent to reasonable search of personal property or clothing including student's backpack, book bag, suitcase, and/or purse.

4) SCHOLASTIC ELIGIBILITY - In accordance with the North Dakota High School Activities Association, Dickinson Public Schools has adopted the following academic requirements for eligibility in school activities.

- a. Hagen Jr. High Students: To participate, students may not be failing in any classes. Grades are checked at the midterm of each trimester and at the end of each trimester (6 times per year). If a student has a failing grade in more than one class, he or she is declared academically ineligible for one week. The student's grades will then be checked weekly, and the student will remain academically ineligible until the required number of classes is being passed. Also, any Hagen Junior High student participating on a Dickinson High School team/activity must be passing ALL classes to be academically eligible for that particular activity.
- b. Dickinson High School Students: To participate, students must be passing **at least three** classes. Grades are checked at the midterm of each quarter and at the end of each quarter (eight times per year). If a student is not passing at least three classes, he or she is declared academically ineligible for one week. The student's grades will then be checked weekly, and the student will remain academically ineligible until the required number of classes is being passed. Additionally beginning with the ninth grade, any student not earning at least two credits at the end of a semester is academically ineligible for the first four weeks of the following semester. In this case, grades for the following semester will be checked after four weeks and to be eligible that student must be passing at least three classes. If not, the student will remain academically ineligible for one week and the student's grades and eligibility status will be checked weekly.

5) SCHOOL ATTENDANCE - At both the junior high and high school level, a student must be in attendance at school all day on the day of a competition, event, or performance unless prior approval is given by the Activities Director or building principal.

6) CITIZENSHIP/SPORTSMANSHIP: School activity participants are expected to exhibit good citizenship while at school and in the community. The conduct and behavior of participants is closely observed in many areas of school life and is a direct reflection of themselves, their parents, the school, the community, and the coach/advisor. Participants will be courteous and show respect for people and property. Poor citizenship and poor sportsmanship will be determined by coaches/advisors and school administrators and may result in suspension from school activities.

7) SPECIFIC TEAM/ACTIVITY RULES: Individual programs may have additional training rules/regulations that apply to students. Program participants will be made aware of any specific program rules/regulations that exist. The Activities Director will approve specific program rules. Ability alone does not guarantee a position in any activity. Dedication, cooperation, practice, teamwork, fundamentals, and respect for team/activity rules are required.

8) PRACTICE & GAME/EVENT ATTENDANCE: Activity participants are expected to attend all practices and games/events while in season. In certain situations, participants will need to be absent for justifiable reasons and are considered "excused absences." However, "excused absences" may result in suspension from school activities. Excused and unexcused absences will be determined by coaches/advisors and school administrators and may vary from activity to activity depending on specific circumstances.

9) SUSPENSIONS AND EXPULSIONS: A participant who receives an out-of-school suspension or expulsion for any part of the school day shall not be allowed to participate in any competition, event, or performance for the entire day. Furthermore, a participant shall not be allowed to practice or attend school-sponsored events until this type of suspension/expulsion is completed. A participant who receives an in-school-suspension may be ineligible for participation in school activities. Participation will be decided by the administration and coach/sponsor of the activity affected based upon the severity and circumstances leading to the in-school-suspension.

10) INJURIES: Dickinson Public Schools will ensure that competent coaches/advisors, safe facilities, and safe equipment are utilized. Nevertheless, injuries may still occur. If an injury occurs, notify the coach/advisor. **MEDICAL COSTS FOR INJURIES ARE NOT THE RESPONSIBILITY OF DICKINSON PUBLIC SCHOOLS.** Dickinson Public Schools does not carry insurance to cover costs involved in an injury. Injury costs are the responsibility of participants and/or their parents/guardians.

11) SOCIAL MEDIA: Dickinson High School student-athletes are representatives of Dickinson High and community. The athletic department requires student-athletes to exercise good judgment in their use of social media websites, and to conduct these activities in a responsible and respectful manner.

- It is impermissible for student-athletes to post information, photos, inappropriate behavior or items that could be interpreted as demeaning or inflammatory.
- It is not permissible to comment on injuries, officiating, or team matters that could reasonably be expected to be confidential to team members.
- Student-athletes are required to follow all respective social media website rules.

Best Practices and Reminders

- Think twice before posting. If you wouldn't want your coach, parents, or future employer to see your post, don't post it.
- Be respectful and positive.
- Remember, many different audiences view you're posts including fans, alumni, kids, local authorities, parents, faculty, etc.
- The internet is permanent. Even if you delete something, it's still out there somewhere. Do not post with an emotional state of mind. Coaches and administrators monitor social media websites. Potential employers use these social media websites to screen candidates. Use the privacy/security settings made available on these sites.

13) LEADERSHIP ORGANIZATIONS

Students that are elected to leadership organizations such as Student Council, National Honor Society, etc. are publicly recognized for outstanding scholastic achievement and the highest levels of student behavior, moral character, leadership, commitment, and respect for self and others both in school and in the community. Students that fail to meet these expectations as determined by advisors and school administrators are subject to disciplinary action, including removal from the organization.

14) SPECIAL NOTES:

The Code of Conduct is in effect for the entire school year for all students whether or not they are currently in an activity. The Code of Conduct extends beyond the school year for those participants who are in an activity that either begins before school starts in the fall or ends after school ends in the spring.

Each year, all activity participants are required to sign the Code of Conduct prior to participation. However, all students and parents/guardians are reminded that once the school year begins, all students are subject to the Code of Conduct whether they have signed a Code of Conduct or not for the current school year as these policies are a part of the student handbook.

Co-op students from other schools participating in activities sponsored by Dickinson Public Schools are required to follow all the same policies and procedures as set by this Code of Conduct and DPS student handbooks.

D. Dickinson Public Schools -- Alcohol, Tobacco, and Controlled Substance Use Policy & Code of Conduct

The purpose of this policy is to define the position and disciplinary procedures of Dickinson Public Schools and the North Dakota High School Activities Association regarding the use or possession of tobacco, alcohol, narcotics, drug paraphernalia, or other controlled substances by participants in activity groups sponsored by Dickinson Public Schools. All student activities sponsored by Dickinson Public Schools are affected by this policy. They shall include, but not be limited to all athletic teams and athletic-related teams, performance groups, interscholastic groups, school sponsored organizations, state sponsored activity groups, and other school clubs/activities offered by Dickinson Public Schools.

Use or possession of tobacco, alcohol, narcotics, drug paraphernalia, or other controlled substances defined by North Dakota Law is prohibited. Any activity group participant who uses or possesses any of these substances will be suspended from all competitions or public appearances from the notification date. Participants in activities which are an extension of the classroom and are grade related such as concert band and concert choir will be allowed to participate in public performances but will not be allowed to participate in any interscholastic competition event.

Penalties will be prescribed as shown below:

1. First offense of the school year - 6 weeks
2. Second and subsequent offenses in the same school year – additional 18 weeks for each offense

Notes:

1. In addition to the suspensions listed above, Dickinson Public Schools also requires that participants must complete a substance abuse evaluation from a licensed addiction facility at the participant's expense beginning with the second offense and any subsequent offenses. This policy is in effect starting in the seventh grade and cumulative through 12th grade. This evaluation must be completed before ever participating in activities sponsored by Dickinson Public Schools again.
2. Keep in mind that students get a "fresh start" every year the school year begins when dealing with suspensions only, not evaluations. The first offense in a single school year is six weeks and subsequent offenses in the same school year are 18 weeks. These suspensions start over every year. However, suspensions are cumulative from year to year when dealing with evaluation requirements. For example: A student is suspended for six weeks during his or her eighth grade year for tobacco. This same student is then again suspended during his or her junior year for alcohol. Because it is a different school year, the suspension would be six weeks. However, because this is the second offense by this same student since seventh grade, an evaluation would be required and would have to be completed before ever participating in activities sponsored by Dickinson Public Schools again.
3. Dickinson Public Schools does provide an appeal process to ensure due process when students are suspended from school activities for alcohol, tobacco, and drug violations. Details of the appeal process and the entire Dickinson Public Schools Policy on Controlled Substance Use and Code of Conduct are available in Dickinson Public Schools student handbooks.

A student will be determined to have used one of the aforementioned substances when a witness has observed him/her ingesting the substance or under the influence of the substance and signs a statement to the effect. After the statement has been signed, school officials will make a determination of guilt or innocence.

A student will be determined to be in possession when he/she is found to have the substance on his/her person, such as in a pocket or in hand, or within an area which the participant controls, i.e. his/her vehicle, home, or person. Full or partial ownership

shall also be evidence of possession. In order to show that a student is in possession of a prohibited substance, it is generally necessary to show that the student was aware of the presence and character of the particular substance and was intentionally and consciously in possession of it.

School administrators shall immediately investigate any alleged violation of the alcohol, tobacco, and controlled substance policy that is made known to the administration. If the administration finds probable cause to believe that this policy has been violated, the parents/guardians will be immediately notified of the violation and penalty.

E. Due Process Appeal Policy

To assure due process, no Dickinson Public Schools activity participant will be suspended from any activity without first being advised of the nature of the violation, the evidence against him/her, and the right to request an appeal hearing within three school days of the administration's decision. The period of suspension shall begin from the date and time notification is given to the student and/or parent/guardian by the school administration. If a student and/or parent/guardian wishes to appeal the decision, an appeal hearing must be requested within three school days of being notified of the suspension by the administration. That request should be made to the building principal and/or Activities Director. Once the request is made, the appeal hearing will take place as soon as possible, preferably within three days of the student and/or parent request to have such hearing.

The appeal hearing will be heard by the Dickinson Public Schools Superintendent. This appeal will be considered the final appeal as the superintendent will act as the representative of the Dickinson Public Schools Board of Education. During the appeal hearing, the building principal or his designee shall act as the moderator of the hearing. The following parties may be involved: the participant being charged, parents/guardians of the participant, coach or director of the activity, witnesses to the violation, the investigating administration, and legal counsel for the participant if he/she desires. The participant being charged will be allowed to testify, to have witnesses, and to question all witnesses. Once the appeal hearing is over, the Superintendent will render a decision. The Superintendent may delay his or her final decision if he or she feels it necessary to investigate the incident further.

Notes:

1. During the time between notification and the hearing, the suspension may be deferred for good cause shown. However, if the school administration believes that clear and substantial evidence shows that the student is in violation of this policy, the student will be suspended immediately. The reason is that NDHSAA regulations state that if the suspension is not immediately imposed and the student is found to be guilty at a later date, any interscholastic contests or activities participated in by that student have to be forfeited.
2. If a violation of this policy occurs in school, on school premises, or at a school related activity, the student will be disciplined under the terms of this policy as well as the terms of the major disciplinary policy of each school district building.

F. Activity/Athletic Scheduling Conflicts

Dickinson High School and Hagen Jr. High offer a multitude of activities for students. Because of the number of activities and limited days to hold events, scheduling conflicts are inevitable. Students/parents are to notify coaches/advisors immediately when they become aware that a conflict exists. The activities director is responsible for scheduling and will make every attempt to avoid scheduling conflicts. When conflicts exist, curricular events such as musical performances and singular qualifying events will have precedence over all sub-varsity events and may have preference over varsity events. When a conflict arises between two qualifying events, the activities director will meet with the advisor/coach to decide which event the student should attend. Parental input will be considered. If the conflict remains unresolved, the building principal will conduct a meeting with the parties involved and render a final decision.

G. Church Night

As a courtesy to church organizations, no student activities (including practice) will be scheduled on Wednesday nights after 6:00 pm. Exceptions can only be made by the Activities Director.

H. Sundays/Holidays

The NDHSAA allows contests to be scheduled on Sundays. However, it is the policy of Dickinson Public Schools that athletic contests will not be scheduled on Sundays unless there is no other option. Such athletic contests must be approved by the Activities Director.

Practices are allowed on Sundays for Varsity level athletes and other activity groups provided that these practices do not conflict with church activities. Sunday practices for SUBVARSITY athletes are not permitted at any time. Practices are to never be held before 12:00 noon on Sundays. Additionally, coaches/advisors should provide leniency for those students who may have family obligations that conflict with Sunday practices.

Furthermore, practices on holidays are to be approved by the Activities Director and/or building principal.

Exhibit FGA-E – NOTICE OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Dickinson School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Dickinson School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with district procedures.

The primary purpose of directory information is to allow the Dickinson School District to include this type of information from your child's education records in certain school publications. Examples include:

1. A playbill, showing your student's role in a drama production;
2. The annual yearbook;
3. Honor roll or other recognition lists;
4. Graduation programs; and
5. Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require school districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories--names, addresses and telephone listings--unless parents have advised the School District that they do not want their student's information disclosed without their prior written consent.

If you do not want Dickinson School District to disclose directory information from your child's education records without your prior written consent, you must notify the school/District in writing **within two weeks of the first day child is enrolled.**

FGA-E2 - MODEL NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the school receives a request for access. Parents or eligible students should submit to the school principal, or appropriate school official, a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected in accordance with board regulation FGA-BR.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal, or appropriate school official, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. (See complete list on pp. 3-4 of this document).

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel), or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; or a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Disclosure of PII without Consent

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student:

1. To other school officials, as defined in #3 above, within the educational agency or institution whom the school has determined to have legitimate educational interests. This may include contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))

2. To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
3. To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
5. To state and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a state statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
6. To organizations conducting studies for, or on behalf of, the school, in order to: develop, validate, or administer predictive tests; administer student aid programs; or improve instruction. (§99.31(a)(6))
7. To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
8. To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
9. To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
10. To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
11. Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))

- F. The parent is to make the school personnel aware of any side effects and who to notify in the case of emergency.

ASBESTOS NOTICE

The Asbestos Hazard Emergency Response Act (AHERA) requires that all public school buildings be inspected or reinspected for the presence of asbestos every three years after a management plan is in effect. The same statute also requires initial and annual notifications of the availability of a management plan which outlines the steps to be taken to eliminate any hazards. The Dickinson Public School District has a very limited amount of asbestos containing materials in the school buildings and it is being managed in strict compliance with all pertinent federal regulations. A copy of the inspection report which details the locations of these materials and the proper management procedures is available for public inspection during normal working

hours in the Administration Office.

PARENTS RIGHT TO KNOW

Through federal education law, parents have the right to request information on the professional qualifications of the teachers and paraprofessionals educating their children. If you are interested in receiving this information, please contact the Central Administration Office at 456-0002. Upon this request, you will receive a detailed explanation of the licensing and educational qualifications of each of your children's teachers. You will also receive the names and qualifications of the paraprofessionals working with your children.

IMMUNIZATIONS

The 1979 North Dakota Health Immunization Law requires that no child will be admitted to kindergarten, elementary school, junior high school, or senior high school unless he/she has a certificate of immunization on file at the school or submits one prior to admission. The law, which became effective July 1, 1979, requires that the certificate be signed by a physician or local public health department representative and be presented to the school officials by the parent or guardian of the child. The Certificate of Immunization states that the child has been vaccinated against diphtheria, pertussis, tetanus, measles, rubella, mumps, polio, hepatitis B, and varicella (chicken pox) and meningococcal if applicable.

Effective for the ~~2008-2009~~ 2016-2017 school year, ~~one two~~ doses of chicken pox vaccine is required of children attending ~~first grade kindergarten~~ through ~~fourth~~ eighth grade. ~~For the 2016-17 School year, one dose of chicken pox vaccine is required for children attending ninth through twelfth grade.~~ A reliable history of chicken pox disease is an exemption to the vaccine requirement. ~~Also effective for the 2008-2009 school year, a student must receive meningococcal and tetanus, diphtheria, and pertussis (Tdap) vaccine before being admitted into any middle school, sixth or seventh grade. As per the North Dakota Department of Health, this requirement will be implemented at the seventh grade level. These new requirements are in addition to the previously required immunizations.~~

The law does allow exemptions for medical, philosophical, moral, or religious beliefs. However, when there is a danger of an epidemic from any of the communicable diseases for which immunization is required, those children who are not adequately immunized, including children exempt, will be excluded from school until the danger of the epidemic is over.

Board Policy AAA--PHILOSOPHY OF THE DICKINSON PUBLIC SCHOOLS

We, the Dickinson Public School Board, present this statement of our basic beliefs concerning education in order to formulate district goals and objectives and to establish programs that are designed to meet these goals and objectives within the legal framework of state and federal law.

We Believe:

1. The purpose of education is to equip students with the knowledge and skills necessary to become active, informed, and productive members of society. Our public schools have a responsibility to foster the growth of intelligent and informed citizens.
2. All individuals are entitled to equal rights, freedoms, and opportunities regardless of economic, cultural, or intellectual differences. The District is committed to creating and preserving a learning and working environment that promotes tolerance and is free from discrimination and harassment.
3. Only through the study of basic subject matter, history, culture and fine arts will students be prepared for both the practical tasks and complexities of the world. The District will provide all students with opportunities to participate in varied curricular offerings.
4. Education should aid in the development of good character, self-respect and self-worth, and offer opportunities to form satisfying and responsible relationships with other people. The District will offer programs that allow students to practice the skills of family and community living and that promote an appreciation for health and safety.
5. Education must look to the future. The District will offer programs to help equip students with skills that may be demanded by our future society, that help students select appropriate occupations, and that provide opportunities to develop worthwhile leisure time activities. The District will also offer programs that teach money, property, and resource management techniques and conservation practices in order to assist students with planning for the future.
6. Educational experiences should be timed in accordance with students' readiness for them. All district programs will take into account factors such as age, maturity, and readiness.
7. Appropriate discipline helps ensure that the educational program operates efficiently and helps mold students into upstanding citizens. The Board shall develop policies in accordance with law to ensure administrators are equipped to appropriately respond to disciplinary issues.
8. Parents and the community should serve as partners with schools. It takes the combined effort of all members of the community to develop and maintain an educational program that meets the objectives delineated above. District schools will embrace the support and reflect the expectations of the community.

Board Policy AAB—DISTRICT GOALS AND OBJECTIVES

The District shall comply with approval requirements in state law and shall strive to provide schools that meet the criteria for accreditation from Department of Public Instruction and that show adequate yearly progress as defined in federal law.

In addition to meeting these approval and accreditation requirements/standards, the Board has established goals and objectives, which are contained in the district's strategic plan.

The District also prohibits aiding, abetting, inciting, compelling, or coercing discrimination or harassment; discriminating against or harassing any person affiliated with a person protected by this policy and/or law; knowingly making a false discrimination and/or harassment report; and retaliation against individuals who report and/or participate in a discrimination and/or harassment investigation, including instances when a complaint is not substantiated.

Confidentiality

An individual wishing to file an anonymous harassment and/or discrimination complaint shall be advised that confidentiality will limit the district's ability to fully respond to the complaint and that retaliation is prohibited. The Title IX Coordinator shall perform a confidentiality analysis to determine when a request for confidentiality cannot be honored due to safety reasons or the district's obligation to maintain a nondiscriminatory educational environment. A harassment or discrimination investigation report is subject to the open records law after 60 days or when the investigation is complete (whichever comes first), with limited exceptions such as when the record is protected by FERPA.

The Superintendent shall identify school employees responsible for receiving and reporting discrimination and harassment incidents and complaints. These individuals shall be listed in student handbooks and shall receive appropriate training on their reporting duties.

Nondiscrimination Coordinator

The Board designates the assistant superintendent as the Title IX and Nondiscrimination Coordinator. Board Policy ABCB—SPORTSMANSHIP

Dickinson Public Schools believes school-sponsored activity programs serve educational purposes in the lives of the District's students. One of these purposes is the development of good sportsmanship. The primary focus of the challenge of achieving good sportsmanship is on the student, but others are involved.

The School Board believes administrators must insist that good sportsmanship is the goal; athletic directors and other administrators must realize the value of sportsmanship and set the tone for the implementation of its good practice.

Coaches/activity sponsors must accept the responsibility of making each activity event a showcase for education. They are expected to be models of self control and dignity for participants and spectators.

Participants must be taught to handle themselves in a sportsmanlike way; they are also expected to project good sportsmanship in the activities in which they participate.

Student fans must be reminded that their conduct reflects on their school, and that poor sportsmanship will not be tolerated.

Adult spectators must realize that they also must exhibit good sportsmanship at athletic/activity events. Spectators serve as a model for their own children and for other young people in the community. Spectators also need to demonstrate self control and dignity while participating in various activities.

Administrators and activity sponsors shall practice good sportsmanship. Students will be taught good sportsmanship and be held accountable for their actions. Spectators will be reminded and encouraged to be appropriate role models for young people. The School Board will support staff and administrators who enforce sportsmanship rules at school-sponsored activity events, including evicting students or adults who violate the district policy.

Additional administrative rules will be developed providing enforcement of these expectations and also include positive incentives.

Rules of Conduct

The Superintendent shall develop rules of conduct for athletic events. These rules shall be published in student and employee handbooks and disseminated to district patrons using the method deemed most appropriate, effective, and cost efficient by the Superintendent.

The Superintendent, school district administrators, principals, district security personnel, and law enforcement may evict

violators of these rules from the athletic event and the Superintendent may prohibit and/or restrict attendance at future events. In addition, district students and employees violating these rules may be subject to disciplinary consequences in accordance with district policy and law.

Board Policy ACE—VIOLENT AND THREATENING BEHAVIOR

Threatening Behavior

A true threat is a statement made orally, in writing, or using another medium that would be perceived by a reasonable person to be a serious expression of intent to harm, commit assault, or damage school property.

Reporting

Any staff member who has knowledge of, witnessed or received a threat or threatening behavior shall report it immediately to the building principal or Superintendent. Threat Assessment

Upon receipt of a threat report, the building principal shall contact the Superintendent. The Superintendent shall determine if the report constitutes a true threat as defined above and whether, given the nature of the threat, it should be handled internally or turned over to law enforcement. 2. The amount of disruption the threat has caused or may cause to the educational environment;
3. Whether the Superintendent can identify the source of the threat; anonymous threats may be turned over to law enforcement;

When law enforcement and/or the Superintendent, having considered the totality of the facts obtained through the threat assessment, verifies that a threat is true, the District shall take necessary and timely measures to safeguard students, staff, and district property.

Disciplinary Consequences for Threatening Behavior

1. **Regular Education Students:** A student who is found to have made a true threat will be subject to disciplinary measures, including, but not limited to suspension and/or expulsion. Violent Behavior

The District prohibits all acts of violence and aggression, including, but not limited to, possession of a weapon or dangerous instrument, physical assault, vandalism of district property, stalking, gang affiliation and/or activity, terroristic acts. 1. Reporting requirements for school staff: Any school staff member with knowledge or suspicion of a violation of this policy or who has received an oral or written report of a violation of this policy from a student, community member, or anonymously shall contact the building principal to inform him/her as soon as possible. If the alleged violation implicates the building principal, the school staff member shall report it to the Superintendent. If the alleged violation implicates the Superintendent, the school staff member shall file it with the Board President.

Should school administration determine that a school staff member knew of or suspected a violation of this policy and failed to report it in accordance with the procedure above, the staff member may be subject to disciplinary consequences or, for sponsors of school-sanctioned activities, other corrective measures.

2. Reporting options for students and community members: Students and community members (including parents) may report known or suspected violations of this policy using any of the following methods:
 - a. Completing a written complaint form: A complainant will have the option of including his/her name on this form or filing it anonymously. Reporting to Law Enforcement & Others Forms of Redress

Anytime a school staff member has reasonable suspicion that a bullying incident constituted a crime, s/he shall report it to law enforcement. Also, nothing in this policy shall prevent a victim/his/her family from seeking redress under state and federal law.

Documentation & Retention

The District shall develop a form to report alleged violations of this policy. The form should be completed by school staff when they:

1. Initiate a report of an alleged violation of this policy; or
2. Receive an oral report of an alleged violation of this policy.

The form should be completed by an administrator when s/he:

1. Initiates a report of an alleged violation of this policy; or
2. Receives an oral report of an alleged violation of this policy.

All written reports of an alleged violation of this policy received by the District shall be forwarded to the appropriate school administrator for investigation and retention.

Report forms and all other documentation related to an investigation of an alleged violation of this policy shall be retained by the District for six years after a student turns 18 or graduates from high school, whichever is later. If a student does not graduate from the District, such reports and investigation material shall be retained for six years after the student turns 18.

Investigation Procedures

School administrators (i.e., a principal, an assistant superintendent, or the Superintendent) are required to investigate violations of this policy (as prescribed under “Prohibitions”), when in receipt of actual notice of an alleged violation. Actual notice of an alleged violation occurs when alleged bullying, reprisal, retaliation, or false reporting is reported using the applicable method(s) prescribed in the reporting section of this policy.

Upon receipt of a report of an alleged policy violation, the designated administrator shall first determine if the alleged policy violation is based on a protected **class status** — whether actual or perceived. Reports involving a protected **class status** shall be investigated in accordance with the district’s harassment/discrimination policy, including the timelines contained therein.

In all other cases, administration shall determine the level of investigation necessary based on the nature of the alleged violation of this policy after considering factors such as, but not limited to: the identity of the reporter and his/her relationship to the victim/alleged perpetrator; the ages of the parties involved; the detail, content, and context of the report; whether this report is the first of its type filed against the alleged perpetrator. Based on the level of investigation the administrator deems necessary, investigations may include any or all of the following steps or any other investigatory steps that the administrator deems necessary:

1. Identification and collection of necessary and obtainable physical evidence (*NOTE: In some cases physical evidence may be unobtainable, e.g., a private social networking profile*);
2. Interviews with the complainant, the victim, and/or the alleged perpetrator. At no time during an investigation under this policy shall the victim/complainant be required to meet with the alleged perpetrator;
3. Interviews with any identified witnesses;
4. A review of any mitigating or extenuating circumstances;
5. Final analysis and issuance of findings in writing to the victim and bully and, if applicable, implementation of victim protection measures and disciplinary measures under this or other applicable policies.

Investigations shall be completed within 60 days unless the administrator documents good cause for extending this deadline. Such documentation should be sent to victim and alleged perpetrator during the investigation.

Disciplinary & Corrective Measures

Students that the District has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy, administration shall take into account the totality of circumstances surrounding the violation. Measures that may be imposed include, but are not limited to:

1. Require the student to attend detention;
2. Impose in- or out-of-school suspension or recommend expulsion. Due process procedures contained in the district’s suspension and expulsion policy shall be followed;
3. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond;
4. Create a behavioral adjustment plan;
5. Refer the student to a school counselor;
6. Hold a conference with the student’s parent/guardian and classroom teacher(s), and other applicable school staff;
7. Modify the perpetrator’s schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim;
8. If applicable, contact the administrator of the website on which the bullying occurred to report it.

If the misconduct does not meet this policy’s definition of bullying, it may be addressed under other district disciplinary policies.

For bullying initiated off campus and received on campus (e.g. cyber bullying), the District only has authority to impose disciplinary measures if the bullying substantially disrupted the educational environment or posed a true threat. In all other cases

of off campus bullying received on campus, the District may only take corrective measures as described in items five through eight above.

If the perpetrator is a school staff member, the District shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual's contract), suspension, or a recommendation for termination/discharge in accordance with any applicable law.

Victim Protection Strategies

When the District confirms that a violation of this policy has occurred, it should notify the victim's parents and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration has reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but not be limited to, the following:

1. Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
2. Notice to the victim's teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
3. Assignment of district staff to monitor, more frequently, areas in the school where bullying has occurred.
4. Referral to counseling services for the victim and perpetrator.
5. Modification of the perpetrator's schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator's contact with the victim.

Prevention Programs & Professional Development Activities

In accordance with law, the District shall develop and implement bullying prevention programs for all students and staff professional development activities.

Board Policy FF--STUDENT CONDUCT & DISCIPLINE

Corporal punishment does not include action taken by an employee for self-defense, protection of persons or property, obtaining possession of a weapon or other dangerous object, to quell a verbal disturbance, for the preservation of order, or pain or discomfort caused by athletic competition or recreational activities voluntarily engaged in by a student.

Complaints alleging that a district employee inflicted corporal punishment will be dealt with in accordance with school board policy on personnel complaints.

Disciplinary Authority

Regulations on disciplinary standards and investigation procedures shall delineate the degree of disciplinary authority that the district shall grant to teachers and principals.

Other school personnel shall be granted disciplinary authority by the principal on a case-by-case basis based on the nature and scope of the employee's duties. Personnel granted such authority shall be required to comply with this policy and any disciplinary authority limits established by regulations. Employees unauthorized to administer student discipline shall report student misconduct to the appropriate school authority.

Any district employee who acts outside the scope of his/her assigned level of disciplinary authority may be subject to disciplinary action, including but not limited to, discharge from/termination of employment in accordance with law and/or the negotiated agreement.

Possess, procure, purchase, or receive, or to attempt to possess, procure, purchase or receive the substances listed in this policy or what is represented by or to the student to be any of the substances listed in this policy or what the student believes is any of the substances in this policy. The District has a separate policy dealing with tobacco use.

Reporting Violations

A student or staff member that has reason to believe that a student has violated this policy should notify a school official (i.e., a teacher or administrator if the reporter is a student; a school administrator if the reporter is a district staff member). Except in limited circumstances under law, a teacher is required to report known or suspected violations of this policy to the school principal.

Violation

When a principal/Superintendent has reasonable suspicion that a student has violated this policy, s/he may search the student in accordance with the district's policy on searches of students' personal property.

Such searches shall not include referral for mandatory alcohol/drug testing.

Disciplinary sanctions will be imposed on, and additional actions may be taken (as listed below) in response to, any violation of this policy. Prohibited substances will be confiscated and illegal substances will be turned over to law enforcement authorities.

Any student who is observed to be under the influence of a prohibited substance will be taken immediately to the principal's office. If there appears to be imminent danger to other students, school personnel, and/or the student involved, the principal may have the student removed from the school by school, medical, or law enforcement personnel.

Intervention

It is acknowledged that the public school has neither the authority nor the responsibility to make medical or health determinations regarding chemical dependency; however, when observed behavior indicates that a problem exists which may affect the student's ability to learn or the educational climate of the school, the school has a right and a responsibility to refer the student for a formal chemical dependency diagnosis. The Superintendent shall develop a procedure for chemical dependency identification and referral for treatment.

Referral for treatment shall be a constructive not punitive action; however, use of the treatment program shall not override or prohibit the District from taking disciplinary action for violations of this policy.

The school will make a reasonable effort to cooperate with a therapy program if one is recommended for the student. The Board believes that if a student is involved in a chemical dependency program and is successfully addressing his/her harmful involvement with chemicals, s/he may continue in the regular school setting and continue to participate in any extracurricular program unless participation is in conflict with rules and regulations set forth by the Board and the North Dakota High School Activities Association and/or the student has been suspended or expelled as a result of a district policy violation.

The school may, through the use of available resources, provide follow-up counseling and supportive assistance to those students who return after successfully completing a therapeutic regimen, realizing that the student may need assistance in dealing with other environmental factors beyond the school's control which may remain unchanged.

Confidentiality

The District shall maintain the confidentiality of students referred for counseling and chemical dependency treatment in accordance with the district's policy on counseling records.

Education

The District will teach about drugs and alcohol in an age appropriate developmentally based education and prevention program in every grade in accordance with law. This program will include information about drug and alcohol counseling and rehabilitation programs available to the students

In addition, the District will conduct staff orientation and training on drug and alcohol prevention, including a periodic overview of this policy and its procedures for implementation. The District will also provide parent and community education on the topic of drug and alcohol prevention.

Policy Implementation

Student handbooks shall contain a statement of sanctions required concerning the possession, use, or distribution of drugs and/or alcohol.

The Dickinson Public Schools will review this policy and its implementation periodically to ensure that disciplinary sanctions are consistently applied and to determine the effectiveness of the program for the prevention of alcohol and other drug use/abuse.

Board Policy ABBA--TOBACCO-FREE SCHOOLS & WORKPLACES

NORTH DAKOTA'S COMPREHENSIVE MODEL SCHOOL POLICY FOR TOBACCO USE

Definitions

For purposes of this policy, *tobacco* is defined to include any product that contains tobacco, is manufactured from tobacco, or contains nicotine, **cigarettes, electronic smoking devices, or other smoking devices**. This excludes any FDA-approved nicotine replacement therapy.

Rationale for Regulating Possession & Use

The health hazards of tobacco use have been well established. This policy is established to:

1. Reduce the high incidence of tobacco use in North Dakota.
2. Protect the health and safety of all students, employees, and the general public.
3. Set a non-tobacco-use example by adults.

Tobacco use is the leading cause of preventable death and disability in North Dakota. To support and model a healthy lifestyle for our students, the Dickinson Public School District School Board establishes the following tobacco-free policy.

Use & Possession Prohibitions

1. **Students:** Possession and/or use of tobacco products by students on district property, in district vehicles, and at school-sponsored events (whether on or off district property) is prohibited at all times.
2. **Staff/Visitors:** The use of tobacco products by all school employees and visitors on district property, in district vehicles, and at school-sponsored events (whether on or off district property) is prohibited.

This policy includes all events sponsored by the school and all events on school property that are not sponsored by, or associated with, the school.

3. **Additional:** The District will not allow advertising of tobacco products in school buildings, on school property, at school functions, on district property, or in any school publications. This includes clothing that advertises tobacco products.

The District will not accept any gifts (such as curriculum, book covers, speakers, etc.) or funds from the tobacco industry.

Communicating to Students, Staff, & Public

This policy will be printed in employee and the student handbooks. The District shall comply with all smoking prohibition posting requirements in NDCC 23-12-10.4

Responsibility for Violations

All individuals on the district's premises share in the responsibility for adhering to and enforcing this policy. The Superintendent shall develop regulations for the enforcement and implementation of this policy.

Tobacco Cessation Services

Individuals requesting assistance with tobacco cessation services will be referred to NDQuits, the North Dakota Department of Health multi-media tobacco cessation program.

Board Policy FFB--ATTENDANCE & ABSENCES

North Dakota law contains compulsory attendance requirements. In order to comply with and enforce these requirements, the Board establishes the following attendance policy.

Section I: Definitions

- A. For purposes of compulsory attendance reporting under NDCC 15.1-20-02.1 (1-2):
- *Excused absence* is an absence that the District will not use in determining if a compulsory attendance violation occurred. Any absence may be excused if it is supported by either a verbal or written excuse supplied by the student's parent, teacher, or school administrator.
 - *Unexcused absence* is any absence not supported by the verbal or written excuse required for an excused absence.
- B. For the purposes of taking disciplinary sanctions under Section III this policy as authorized by NDCC 15.1-20-02.1(3):
- *Approved absence* is an absence that the District believes is necessary and/or unavoidable and has received administrative approval. Necessary and/or unavoidable absences may be caused by illness, injury, family emergency, religious observance or instruction, suspension, participation in a school-related activity, court appearances when subpoenaed, or other reasons deemed necessary and/or unavoidable by the building principal or Superintendent. Students granted approved absences shall not be subject to the consequences contained in Section III of this policy. The Superintendent or designee shall develop criteria for requesting and granting an approved absence and shall establish make-up work requirements.
 - *Unapproved absence* is defined as an absence that does not meet the above criteria for approved absences. If a student is absent for an unapproved reason, the parent/guardian shall still be responsible for calling the principal's office to explain the absence, and the student will be subject to the consequences contained in Section III of this policy.

Section II: Documentation Requirements

School administration may require applicable documentation to verify an excused or approved absence, including, but not limited to:

1. Medical documentation from an appropriate licensed healthcare provider;
2. A copy of a court summons or subpoena;
3. An obituary for funeral leave;
4. Verification of planned or executed family travel (e.g., a boarding pass);
5. A request from an official at the student's place of worship;
6. A request for an absence due to a curricular or extracurricular event submitted by the student's teacher, coach, or extracurricular advisor.

Section III: Accumulated Unapproved Absence

The Board believes that unapproved absences are a form of misconduct and authorizes the Superintendent to establish grade-appropriate the disciplinary consequences. Students will be afforded appropriate due process rights based on the severity of disciplinary penalty that the District is considering imposing. Students shall be required to complete make-up work in accordance with administrative regulations or will receive no credit for incomplete work.

Compulsory Attendance Violations

North Dakota law defines what constitutes a compulsory attendance violation. Suspected violations of the compulsory attendance law shall be reported to school administration and investigated in accordance with law. When a compulsory attendance violation is substantiated, the District shall comply with law enforcement reporting requirements under law.

Board Policy FFE--EXTRACURRICULAR PARTICIPATION REQUIREMENTS

Philosophy

The Board believes that participation in extracurricular activities constitutes a privilege and not a right. Students who participate in extracurricular activities represent the student body, school district, and community on the state and national level. As such, behavior of these students is a reflection of the entire community.

The District will enforce the requirements placed on extracurricular participants by the North Dakota High School Activities Association (NDHSAA), which govern both on and off campus behavior. In addition, the Board has established additional extracurricular participation requirements via a Dickinson Public Schools Code of Conduct policy found in the Hagen Junior High School and Dickinson High School student handbooks.

Activities Affected by this Policy

Activities affected by this policy shall include extracurricular activities as listed in the student handbook, including those not sponsored by NDHSAA.

Academics

NDHSAA requires that local districts establish a definition of what constitutes a failing grade. For the purposes of this policy, a failing grade is defined as receiving a letter grade of F in any curricular course as computed from the beginning of the semester for regular education students or, in the case of special education students, not meeting the goals of Individual Education Programs as assessed from the beginning of the semester.

Suspension Procedure

When the principal or Superintendent, as a result of his/her investigation, concludes that a violation of this policy or NDHSAA bylaws has occurred, s/he shall notify the student of this suspension.

Violation of Other Misconduct Policies

Students who violate student conduct policies not covered by NDHSAA bylaws may be subject to suspension from extracurricular activities for a period of time determined by coaches/advisors and administration. Such consequences shall be imposed in addition to other disciplinary consequences imposed under the applicable policy.

When the administration deems suspension from extracurricular participation necessary, s/he shall follow the procedure for suspension from extracurricular participation required by NDHSAA bylaws and Dickinson Public Schools Code of Conduct policy.

Board Policy FG--STUDENT RIGHTS AND RESPONSIBILITIES

The Board affirms those legal rights of students that are guaranteed under the federal and state constitutions and statutes. The Board reminds students that rights also are accompanied by responsibilities.

These rights and responsibilities include:

1. Civil rights, including the rights to equal educational opportunity and freedom from illegal discrimination; the responsibility not to discriminate against others.
2. The right to attend free public schools; the responsibility to attend school as required by law and to observe school rules and regulations essential for permitting others to learn at school.
3. The right to due process of the law with respect to expulsion, searches and seizures, or administrative decisions that the student believes have injured his/her rights.
4. The right to free inquiry and expression; responsibility to observe reasonable rules regarding these rights. Students may exercise their right to freedom of expression through speech, assembly, petition, and other lawful means. The exercise of this right may not interfere with the rights of others. Freedom of expression may not be utilized to present material that is vulgar, slanderous, defames character, advocates violation of law or is in violation of district policy.

The Superintendent shall ensure that students are made aware of the legal authority of the Board and the delegated authority of the staff to make rules and regulations regarding the orderly operation of the school, which uphold the legal rights of students.

Board Policy FGCA--SEARCHES OF LOCKERS

The District retains ownership and control of all lockers. Access to all lockers, is a legal right of school officials whose responsibility it is to protect the health, safety, and welfare of all students enrolled. Students shall have no reasonable expectation of privacy when using lockers. Student shall be given advanced notice of this policy through student handbooks or another form of notification.

Lockers may be subject to suspicion-less searches, inspections for purposes such as routine maintenance, or searches where there is suspicion that locker(s) contains objects/substances that are illegal, violate school policy, or may be detrimental to the health, safety, or welfare of district students.

Search Procedure

When a locker is subject to a search, the principal/Superintendent should be accompanied by at least one other school staff member.

Students' personal items stored in lockers such as, but not limited to, book bags, purses, and coats shall not be searched unless there exists reasonable suspicion that they contain an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students.

The Superintendent should be notified whenever a search has been conducted if the Superintendent was not involved in the search.

Use of Trained Dogs & Involvement of Law Enforcement

Trained dogs may be used to smell the outside of lockers. If the dog detects the possibility of objects/substances that are illegal or violate school policy, the principal/Superintendent shall search the locker in accordance with the search procedure above.

In the event a police officer or other law enforcement officer is to conduct a search of a student's locker, probable cause is necessary unless the search is school-initiated and would pose a safety threat if conducted by school staff.

Illegal substances found in lockers may be turned over to proper authorities.

Board Policy FGCB--SEARCHES OF STUDENTS & STUDENTS' PERSONAL PROPERTY

A search of a student's personal property or clothing shall only be undertaken when there is a reasonable suspicion that the student is concealing an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students. The building principal or Superintendent must authorize all searches.

When the principal/Superintendent has reasonable suspicion that one or more students are carrying a prohibited object, article, or substance or are otherwise in possession of a prohibited object, article, or substance on school property or at a school-sponsored event, all personal property belonging to the suspected student(s) may be subject to inspection. When determining the scope of a search, the principal/Superintendent shall ensure that any measures adopted are reasonably related to the object of the search and not excessively intrusive in light of the age and sex of the student.

Search Procedure

For the purposes of this policy, personal property includes, but is not limited to, a student's vehicle, backpack, book bag, and/or purse. Students may also be asked to empty their pockets; however, strip searches shall not be conducted.

Searches of persons should be conducted in private by a school employee of the same sex as the student with a school employee present as a witness.

Searches of Vehicles

The principal or designee shall conduct searches of student vehicles if the vehicle is parked on school property and reasonable suspicion exists with a witness present. The principal shall make a reasonable attempt to contact the student who owns the vehicle and ensure s/he is present during the inspection unless an emergency situation is deemed to exist. If a vehicle is locked and its owner cannot be contacted or refuses to open it, the principal shall contact law enforcement.

Involvement of Law Enforcement

The principal/Superintendent may request the assistance of law enforcement to conduct any portion of a school-initiated search of a student/student's personal property that would pose a safety threat if conducted by school staff. In all other cases, law enforcement must have probable cause in order to search a student/student's personal property.

Illegal substances found during searches of students/students' personal property may be turned over to proper authorities.

Reporting Requirements

The administrator who authorized the search shall notify the Superintendent whenever a search has been conducted and shall complete a search and seizure report form to be retained in the suspected student's educational record.

Board Policy GCAA--GRADE PROMOTION, RETENTION, & ACCELERATION

The Dickinson Public School District is committed to fostering the continuous educational and personal growth of its students. Student progress shall be continually evaluated based on state and local achievement standards, course content standards, and education goals and objectives as established by administration and the teaching staff.

The Board recognizes that at every grade level there are differences among students in their intellectual and personal development and that individual students may be more proficient in some content areas than in others. Therefore, assignment of a student to a grade level shall be based on the best educational interest of the student, which shall be determined by using the criteria established below.

Criteria for Determining Promotion & Retention

The decision to promote or retain a student shall be based on at least the following criteria:

1. Whether the student has completed course requirements at the presently assigned grade;
2. Whether the student demonstrates proficiency in enough course content areas to warrant promotion;
3. Whether the student has sufficiently met achievement standards and other educational goals/objectives established for the student's current grade level.
4. Whether the student demonstrates the degree of social, emotional, and physical maturation necessary for successful learning experiences in the next grade level.

5. The decision to promote or retain a special education student shall be made by the Individual Education Program (IEP) team in accordance with applicable law.

Under no circumstances shall a student be retained for the sole purpose of improving the student's ability to participate in the district's athletic program.

Procedures for promoting and retaining students shall be developed by the Superintendent and delineated in administrative regulations.

Acceleration

The Superintendent shall develop grade acceleration criteria and approval/denial procedures, which shall be delineated in administrative regulations.

Board Policy ABCA--COPYRIGHTED MATERIAL & INTELLECTUAL PROPERTY

Copyright Prohibitions

The District shall abide by the provisions of copyright law, including Fair Use Standards. The District prohibits illegal duplication in any form. Copyright materials, whether they are print or non-print; published online; or in the form of software, music, a digital medium or a performance shall not be duplicated or performed unless such use is permitted under law; or unless appropriate written permission from the copyright holder has been received and, if applicable, royalties paid.

Compliance

Each librarian should maintain copies of federal Fair Use copying guidelines and federal Fair Use Standards for off-air taping of copyrighted audio and audiovisual works. Legal counsel shall review any proposed usage beyond the guidelines.

The Superintendent will issue memorandums regarding this policy and federal Fair Use Guidelines to employees as needed; post notices of copyright law and this policy in appropriate locations; install filtering software on district networks to prevent illegal downloading and file sharing; and notify students of this policy through the use of student handbooks.

Intellectual Property

Any copyrightable work produced by a district employee within the scope of his/her duties is considered "work made for hire." The District owns all copyrightable rights to these items. Employees have no right to use such work outside the scope of their district duties without the board's permission. Work made for hire must remain with the District upon separation.

The Board authorizes the Superintendent to sell "work made for hire" products to other school systems, organizations, or commercial firms in accordance with the district's sale of school property policy.

Violations

Administration shall investigate all complaints of alleged copyright violations.

Students and employees who willfully disregard the district's copyright position are in violation of board policy and shall be subject to disciplinary consequences in accordance with applicable policies and law. In addition, employees who willfully disregard this policy do so at their own risk and assume all liability. The District may also deem employees who willfully violate copyright laws to be acting outside the scope of employment.
