

TUITION AGREEMENTS

As authorized by law, the Dickinson Public School District may enter into tuition agreements with neighboring school districts for the purposes of educating non-resident students or to allow resident students to receive education outside the District.

Criteria for acceptance or rejection shall be based upon the capacity of a program, class, grade level, or school building as defined in regulations. The Board will not deny an application on the basis of previous academic achievement, participation in extracurricular activities, disabilities, English language proficiency or previous disciplinary proceedings.

When the District receives notice that a non-resident student has requested admission to the District through a tuition agreement, the Board shall not consider or act upon this request until the following conditions are met:

1. The Superintendent receives sufficient documentation to determine the non-resident student’s educational placement. Sufficient documentation shall be determined by the Dickinson Public Schools Superintendent and may include, but not be limited to, educational records sent from the district of residence or placement testing.
2. The Superintendent is able to determine if admission of the student would create overcrowding.
3. The Superintendent is able to determine admission of the student will not require additional personnel.
4. The Superintendent has made such other determinations as may be deemed necessary in submitting a recommendation to the Board about the advisability of approving the tuition agreement.
5. The Board has received and considered the superintendent’s recommendation.

The Board reserves the right for the Superintendent or designee to assign a building and to determine the class schedule for students who are accepted under this policy.

The District will not be responsible for transportation of students who have enrolled in other districts through the tuition waiver process or for students from other districts admitted through the tuition waiver process.
