SUPERVISION OF STUDENTS

It is the intention of the School Board of Dickinson Public School District #1 that students shall be appropriately supervised. Supervision is to be provided for the lunchroom and the playground as well as in the classroom. The principal will establish rules regarding arrival at school and will notify parents as to when supervision is available before and after school. Supervision may be accomplished through the use of responsible adult volunteers and/or paraprofessionals at the discretion of the administration and within the constraints of the adopted budget.

Volunteers and paraprofessionals who are assigned to supervision have the same authority as teachers in the control of student conduct. However, volunteers and paraprofessionals should refer discipline problems to a teacher or administrator.

Volunteers and paraprofessionals shall not be used in an instructional capacity except as guest lecturers and under the supervision of a licensed staff member.
