Welding Academy:

A week long welding course held in June. It rotates between Dickinson and Bismarck and is open to any students wish to gain skills in Arc Welding. Last year we had 22 students attend. Clarence Hauck and Rudy Privatsky assist with instruction. Preliminary plans are being worked on to host the Welding Academy in Dickinson this summer.

High Tech Equipment Program:

Currently being used by 9 RACTC schools, with two additional schools looking at using the equipment starting with 2017-18.

Hydraulics/ Pneumatics/Mechanical
Biotechnology
GPS/GSI
CNC Router
Laser Engraver
Portable Welding Unit
Embroidery
3-D Printer
Vinyl Printer/Cutter

Health Explorers Trip:

Mrs. Johnson and Mrs. Schneider took 24 students to Grand Forks and Fargo in January to tour UND and NDSU medical programs. Students were able to visit with health professionals about health related careers and programs.

Partnerships:

Dickinson State University School of Nursing
CHI St Alexius Health Center
