Comments From Parents Who Participated in Love & Logic

- ◇ "I like that it works! It takes hard and difficult issues and turns them into bearable issues. I can't believe how great family life is because we have learned so much."
- ◇ "We weren't made to feel we are bad parents just because we're taking this class."
- ◇ "The informal learning environment where everybody can talk and learn from each other. The chance to be with other parents."
- ◇ "Taking this class is one of the best things I've done for myself and my family all year!"
