Information Release Safeguards

1. Access by Parents and Eligible Students

To ensure compliance with parental and eligible student access requirements under FERPA:

- a. The District shall comply with a request by a parent or eligible student to access education records within a reasonable period of time, not to exceed 45 days after receipt of a request.

These procedures shall include procedures to verify the identity of a requesting parent/eligible student. The regulations shall be delineated in board approved regulations ~~and disseminated annually in accordance with law.~~ shall be available upon request.

2. Classroom Use of Instructional Tools Requiring Release of Student Information

Teachers are encouraged to use instructional technological tools that allow for use of an alias or that do not require submission of directory information (other than or in addition to name) or PII. Whenever a teacher wishes to use an instructional tool that requires release of directory information, other than or in addition to name, or PII such as, but not limited to, software or an app, the teacher shall submit a request to the building-level privacy officer. The privacy officer shall check the District's master list of individuals and entities approved to receive student information. District employees are responsible for informing a privacy officer of any known or suspected breach of PII. 4. Information Storage and Destruction

Student education records shall be reviewed annually and any records unnecessary for progression to the next grade level, not needed for college entrance purposes, not needed for extracurricular participation, not needed for disciplinary purposes, and records that are not part of the permanent

record will be shredded or destroyed. The District shall retain the original student record.~~

~~2. The District may disclose directory information ~~release this information~~ without a parent/guardian/authorized-eligible student's consent if it has given parents/eligible students a reasonable amount of time to opt-out of directory information release ~~unless the parent/guardian/authorized student has requested to opt out~~. Opt-out notices should be provided at the beginning of the school year and when a student otherwise enrolls in the District. These notices shall contain a reasonable deadline of at least 10 days for parents/eligible students to opt out. ~~Opt-out notices will be disseminated in accordance with law. The Board shall approve a list of entities to which directory information may be disseminated. When the Board receives and approves a directory information release request; directory information shall only be released and used for purposes specified in the release request and the Superintendent shall add approved requestors to the District's master list of individuals and entities having access to student information. The Board shall develop criteria in regulations for approving and denying these requests.

Any District employee who wishes to disseminate student directory information to a third party shall contact his/her privacy officer. The privacy officer shall determine if the Board has previously approved such release and, if not, deny the request or submit it to the Superintendent for board approval.~~3. The District may release the contents of a student's educational record for reasons permitted by law, such as, but not limited to, health and safety reasons after taking into account the totality of circumstances and determining an articulable and significant threat to the health and safety of the student or others exists.~~

~~4. The District may, or, when required by law, shall release students' personally identifiable information from student educational records to authorized representatives, as defined by FERPA, in accordance with PII disclosure agreement requirements and other safeguard procedures mandated by FERPA regulations.~~

~~5. De-identified information may be released upon request if the request meets conditions permitting release of such information under law.~~

6. Personally Identifiable Information (PII)

Any third party requesting or receiving access to student PII must receive board approval unless the third party is required to receive PII under state or federal law. Any school employee who

wishes to share PII with a third party shall contact his/her privacy officer. The privacy officer shall determine if the Board has previously approved such release and, if not, deny the request or submit it to the Superintendent for board approval. Parental/eligible student consent is not required to release PII under the following circumstances:

- b. In connection with a health or safety emergency under the conditions described in 34 C.F.R. 99.36
- c. If records have been de-identified by the District; third party individuals and entities that receive de-identified information shall be included on the District's master list of individuals and entities having access to student information
- d. To a school official who has a legitimate educational interest in the education records if the following conditions are satisfied:
 - i. Access shall be limited to only information the school official has a legitimate need to know
 - ii. School officials shall use the information only for the purposes for which the disclosure was made and shall not redisclose the information to any other party without proper consent or legal authority
 - iii. Titles of individuals and entities considered school officials shall be included on the District's master list of individuals and entities having access to student information
- e. To a court without a court order or subpoena when the District initiates legal action against a parent/student or a parent/student initiates legal action against the District
- f. To accrediting bodies for purposes of accreditation
- g. To an organization conducting a study for the District to develop, validate, or administer a predictive test; administer student aid programs; or improve instruction so long as the organization has entered into a written agreement with the Board in accordance with law; if the organization is conducting a survey of students, the District shall ensure parents are notified in compliance with policy GCC and shall obtain parental consent, if applicable
- h. To another school in which the student seeks, intends to, or is already enrolled
- i. - j. To comply with a judicial order or lawfully issued subpoena; the District must make reasonable attempt to contact the parent/eligible student before disclosure unless the court order instructs otherwise
- k. To the parents of an eligible student who is also a "dependent student" as defined in IRS Section 152

The District will take measures necessary to ensure that individuals and entities to which PII is released shall only have access to information necessary to fulfill their responsibilities under law and to the District. Measures may include, but not be limited to, controlling access to computer data through password restrictions, controlled access to paper records, and ensuring that any information access agreements required by law are properly executed by the Board.

7. When Parental Consent is Required

Board Regulation FGA - Student Education Records Access and Amendment Procedure

Reviewing an Educational Record

The District will comply with a parent/guardian/eligible student's right to inspect educational records. This right will be granted using the following procedure:

1. A request to view an educational record shall be granted by the deadline in law (45 days).
2. A request may be made in writing to the building principal.
3. The principal shall notify the parent/guardian/eligible student of the time and place when a record may be inspected.
4. The principal or designee shall be present when the parent/guardian/eligible student reviews the record.
5. If circumstances prevent a parent/guardian/eligible student from reviewing the educational record at the school office, the District shall prepare and mail a copy of the record or make alternative arrangements for the parent/guardian/eligible student to review the record. Any expense incurred from copying and/or mailing a record may be charged to the parent/guardian/eligible student at state rates, except as prohibited by law.

Amending an Educational Record

A parent/guardian/eligible student has the right to request an amendment to any portion of the educational record he/she believes to be inaccurate, misleading, or in violation of the student's right to privacy. A parent/guardian/eligible student shall use the following procedure to dispute or request an amendment to an educational record. This procedure shall not be used to dispute a grade, disciplinary decision, or opinions/reflections of a school official contained in an educational record.

1. Any request to amend an educational record shall be made in writing and submitted to the building principal.
2. The principal shall review the request within a reasonable time and approve or deny it. The principal's decision shall be submitted to the parent/guardian/eligible student. If the principal denies the amendment request, he/she shall inform the parent/guardian/eligible student of his/her right to request an appeal hearing.

The parent/guardian/eligible student shall have a full and fair opportunity to present evidence related to the amendment request.
6. The Superintendent's decision is final and binding and shall be submitted to the parent/guardian/eligible student at a reasonable time after the hearing.
7. If the Superintendent denies the amendment request, he/she will notify the parent/guardian/eligible student within a reasonable time of his/her right to submit a written response commenting on the contested material and/or explaining the disagreement with the hearing officer's decision. This written response shall be retained and, when applicable, disseminated in accordance with law.

FGA-E- Notice of Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Dickinson School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Dickinson School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures.

The primary purpose of directory information is to allow the Dickinson School District to include this type of information from your child's education records in certain school publications. Examples include:

1. A playbill, showing your student's role in a drama production;
2. The annual yearbook;
3. Honor roll or other recognition lists;
4. Graduation programs; and
5. Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require school districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories--names, addresses and telephone listings--unless parents have advised the School District that they do not want their student's information disclosed without their prior written consent.

If you do not want Dickinson School District to disclose directory information from your child's education records without your prior written consent, you must notify the school/district in writing **within two weeks of the first day child is enrolled**. Dickinson School District has designated the following information as directory information: *Note: an LEA may, but does not have to, include all the information listed below.*

1. Address

2. Date and place of birth
3. Dates of attendance
4. Degrees, honors, and awards received
5. Electronic personal identifier
6. Grade level
7. Institutional electronic mail address
8. Major field of study
9. Participation in officially recognized activities and sports
10. Photograph
11. Student's name
12. Telephone listing
13. Weight and height of members of athletic teams
14. Most recent educational agency or institution attended.

An opt out request form is available at the schools and also the Dickinson Public Schools website.

FGA-E2 MODEL NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the school receives a request for access. Parents or eligible students should submit to the school principal, or appropriate school official, a written request that identifies the records they wish to inspect. The school official will plan for access and notify the parent or eligible student of the time and place where the records may be inspected in accordance with board regulation FGA-BR.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal, or appropriate school official, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel), or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; or a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Disclosure of PII without Consent

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student:

1. To other school officials, as defined in #3 above, within the educational agency or institution whom the school has determined to have legitimate educational interests. This may include contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
2. To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
3. To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
5. Board Policy AAA - Dickinson Public School District Philosophy

We, the Dickinson Public School Board, present this statement of our basic beliefs concerning education in order to formulate District goals and objectives and to establish programs that are designed to meet these goals and objectives within the legal framework of state and federal law.

We Believe:

1. The purpose of education is to equip students with the knowledge and skills necessary to become active, informed, and productive members of society. Our public schools have a responsibility to foster the growth of intelligent and informed citizens.
2. All individuals are entitled to equal rights, freedoms, and opportunities regardless of economic, cultural, or intellectual differences. The District is committed to creating and preserving a learning and working environment that promotes tolerance and is free from discrimination and harassment.
3. Only through the study of basic subject matter, history, culture and fine arts will students be prepared for both the practical tasks and complexities of the world. The District will provide all students with opportunities to participate in varied curricular offerings.
4. Education should aid in the development of good character, self-respect and self-worth, and offer opportunities to form satisfying and responsible relationships with other people. The District will offer programs that allow students to practice the skills of family and community living and that promote an appreciation for health and safety.
5. Education must look to the future. The District will offer programs to help equip students with skills that may be demanded by our future society, that help students select appropriate occupations, and that provide opportunities to develop worthwhile leisure time activities. The District will also offer programs that teach money, property, and resource management techniques and conservation practices in order to assist students with planning for the future.
6. Educational experiences should be timed in accordance with students' readiness for them. All District programs will take into account factors such as age, maturity, and readiness.
7. Appropriate discipline helps ensure that the educational program operates efficiently and helps mold students into upstanding citizens. The Board shall develop policies in accordance with law to ensure administrators are equipped to appropriately respond to disciplinary issues.
8. Parents and the community should serve as partners with schools. It takes the combined effort of all members of the community to develop and maintain an educational program that meets the objectives delineated above. District schools will embrace the support and reflect the expectations of the community.

Southwest Community High School Philosophy

Southwest Community High School is committed to providing for the educational needs of students who choose to complete their secondary education in an individualized, non-traditional setting by promoting student responsibility for academic performance, attendance, and behavior.

Dickinson Public School District Core Values and Beliefs

- Every student can learn.

- Students are unique individuals with a variety of learning styles.
- Positive and respectful home and school environments are essential for learning.
- Parents and guardians of students are responsible for preparing their children to come to school ready to learn and the school is responsible for educating all students.
- A rigorous and innovative curriculum prepares all students for a constantly changing world.
- High standards and expectations should be set for all participants in the educational process.
- The student shall be at the center of all educational decisions.

Board Policy FG - Student Rights and Responsibilities

The Board affirms those legal rights of students that are guaranteed under the federal and state constitutions and statutes. The Board reminds students that rights also are accompanied by responsibilities.

These rights and responsibilities include:

1. Civil rights, including the rights to equal educational opportunity and freedom from illegal discrimination; the responsibility not to discriminate against others.
2. The right to attend free public schools; the responsibility to attend school as required by law and to observe school rules and regulations essential for permitting others to learn at school.
3. The right to due process of the law with respect to expulsion, searches and seizures, or administrative decisions that the student believes have injured his/her rights.
4. The right to free inquiry and expression; responsibility to observe reasonable rules regarding these rights. Students may exercise their right to freedom of expression through speech, assembly, petition, and other lawful means. The exercise of this right may not interfere with the rights of others. Freedom of expression may not be utilized to present material that is vulgar, slanderous, defames character, advocates violation of law or is in violation of District policy.

The Superintendent shall ensure that students are made aware of the legal authority of the Board and the delegated authority of the staff to make rules and regulations regarding the orderly operation of the school, which uphold the legal rights of students.

Process for Admission to Southwest Community High School (SWCHS)

1. Visit with your school counselor or the Dickinson High School principal to determine whether you are a candidate for the alternative school.
2. Recommendation of the Dickinson High School principal – either approval or denial.
3. If approved, call Southwest Community High School to make an appointment for parent(s) or guardians and student to meet the principal and go over policies at Southwest Community High School.
4. Fill out application/registration forms at Southwest Community High School.
5. Return application and registration forms –
 - a. If there is no waiting list, and you are approved, the transfer will be processed
 - b. If there is a waiting list, your name be placed on it.

- i. The waiting list is taken as an **as-needed** basis – Those students with higher needs, i.e. age, credits etc. are taken into consideration first. They will have priority for admission once there is an opening, at the discretion and judgment of the principal. If the principal determines that the needs are equal across the board, then admission will be determined on a first-come, first-served basis.

6. Officially withdraw from your high school.

Selected students are those who are at risk of dropping out because of failure in a conventional school setting. The smaller school atmosphere fosters positive teacher/student relationships creating an atmosphere of optimism about student potential.

The curriculum at Southwest Community High School is tailored but not downgraded, focusing on a student’s needs and interests by customizing and individualizing the curriculum. Because students are held to high standards of accountability in all course work, those students who need additional support services beyond what is available in a typical classroom are generally not good candidates for the alternative high school and enrollment at Southwest Community High School may be denied.

Class Time Schedule

Class Time Schedule

Period 1	8:30-11:26 AM
Noon Hour (closed to students)	11:26 – 12:30 PM
Period 2	12:30 – 3:25 PM

Attendance

Any student with five unexcused absences within a semester will automatically be dropped from enrollment and placed on the waiting list of Southwest Community High School. If no waiting list exists, the student will be required to drop/withdraw from their current courses and may not be allowed into school for a 5-day period.

Any student that is behind 10 days in a class that they have been in attendance for will automatically take a drop/withdrawal from that course and will re-enroll at the beginning of the course. Any student with 2 drops/withdrawals **or receiving an “F” in any course** from Southwest Community High School in the period of a semester will be dropped from enrollment and placed at the bottom of the waiting list.

Students are required to attend class every day. Our school has one morning session and one afternoon session. The principal will address attendance issues on a student-by-student basis. Students may be required to serve makeup time and/or may lose class credit. If attendance problems are an ongoing issue for any individual student, he/she will be removed from the roster and placed at the bottom of the waiting list. If there is not a waiting list, he/she will be dropped from current classes and may re-enroll after 5 full school days.

Board Policy FFB - Attendance and Absences Policy

North Dakota law contains compulsory attendance requirements. In order to comply with and enforce these requirements, the Board establishes the following attendance policy.

Definitions

For purposes of compulsory attendance reporting under NDCC 15.1-20-02.1 (1-2):

- *Excused absence* is an absence that the District will not use in determining if a compulsory attendance violation occurred. Any absence may be excused if it is supported by either a verbal or written excuse supplied by the student's parent, teacher, or school administrator.
- *Unexcused absence* is any absence not supported by the verbal or written excuse required for an excused absence.

For the purposes of taking disciplinary sanctions under Section III this policy as authorized by NDCC 15.1-20-02.1(3):

- *Approved absence* is an absence that the District believes is necessary and/or unavoidable and has received administrative approval. Necessary and/or unavoidable absences may be caused by illness, injury, family emergency, religious observance or instruction, suspension, participation in a school-related activity, court appearances when subpoenaed, or other reasons deemed necessary and/or unavoidable by the building principal or Superintendent. Students granted approved absences shall not be subject to the consequences contained in Section III of this policy. The Superintendent or designee shall develop criteria for requesting and granting an approved absence and shall establish make-up work requirements.
- *Unapproved absence* is defined as an absence that does not meet the above criteria for approved absences. If a student is absent for an unapproved reason, the parent(s) or guardians shall still be responsible for calling the principal's office to explain the absence, and the student will be subject to the consequences contained in Section III of this policy.

Documentation Requirements

School administration may require applicable documentation to verify an excused or approved absence, including, but not limited to:

1. Medical documentation from an appropriate licensed healthcare provider;
2. A copy of a court summons or subpoena;
3. An obituary for funeral leave;
4. Verification of planned or executed family travel (e.g., a boarding pass);
5. A request from an official at the student's place of worship;
6. A request for an absence due to a curricular or extracurricular event submitted by the student's teacher, coach, or extracurricular advisor.

Accumulated Unapproved Absence

The Board believes that unapproved absences are a form of misconduct and authorizes the Superintendent to establish grade-appropriate disciplinary consequences. Students will be afforded appropriate due process rights based on the severity of disciplinary penalty that the District is considering imposing. Students shall be required to complete make-up work in accordance with administrative regulations or will receive no credit for incomplete work.

Compulsory Attendance Violations

North Dakota law defines what constitutes a compulsory attendance violation. Suspected violations of the compulsory attendance law shall be reported to school administration and investigated in accordance with the law. When a compulsory attendance violation is substantiated, the District shall comply with law enforcement reporting requirements under the law.

Tardiness

Tardiness will not be tolerated. The following policy will be followed:

Tardiness will be handled on a student-by-student basis. Southwest Community High School mimics the responsibilities of the work force for attendance and tardiness. Since Southwest Community High School bases its attendance requirements on instructional time within the school facility, all tardiness will be made up. Options for makeup time are before or after school as well as forfeiting breaks during the school day.

Tardies will accumulate so that three tardies (from lunch, beginning of the day, breaks etc.) = 1 unexcused absence. It is critical you are here on time to learn and to be on time to be successful. Please refer to the above rule regarding UNEXCUSED absences.

ACAA-AR - Emergency Closing Procedure

If there is any doubt about school being open or closed, parent(s) and guardians are asked to listen to radio stations KDIX 1230 AM, KLTC 1460 AM, KDXN 105.7 FM, KCAD 99.1 FM and KXDI 94 FM. The District Alert Solutions message will be activated should weather conditions warrant the closing of schools or early dismissal. Residents are requested not to telephone the school office or Central Administration Office when weather is bad. Too many calls tie up vital phone lines, making it difficult to keep everything running smoothly.

In the event of other emergencies not related to weather that might require the schools to close or be evacuated during the school day, all District staff will follow the steps outlined in the District Emergency Procedures Manual to ensure the safety and well-being of all children in the schools.

First Aid/Accidents

In the event an accident occurs within the school, or a student or other individual becomes suddenly ill, the responsibility of the school personnel is to provide emergency care, notify parent(s) or guardians and, in serious instances, summon necessary medical care. The Superintendent will develop uniform procedures for giving first aid, arranging for necessary medical care, notifying parent(s) or guardians, and officially reporting accidents.

Sleeping in Class

Sleeping in class is not tolerated. Sleeping is as unproductive as absenteeism.

Incomplete Grades

At the discretion of the teacher, extended time may be granted to students who have been on task throughout the session.

Immunizations

The 1979 North Dakota Health Immunization Law requires that no child will be admitted to kindergarten, elementary school, middle school, or high school unless he/she has a Certificate of Immunization on file at the school or submits one prior to admission. The law, which became effective July 1, 1979, requires that the certificate be signed by a physician or local public health department representative and be presented to the school officials by the parent(s) or guardians of the child. The Certificate of Immunization states that the child has been vaccinated against diphtheria, pertussis, tetanus, measles, rubella, mumps, polio, hepatitis B, and varicella (chicken pox), and meningococcal if applicable.

Effective for the 2016-2017 school year, two doses of chicken pox vaccine is required of children attending grades K-8. For the 2016-17 school year, one dose of chicken pox vaccine is required for children attending grades 9-12. A reliable history of chicken pox disease is an exemption to the vaccine requirement. As in previous years, a student must receive meningococcal, tetanus, diphtheria, and pertussis (Tdap) vaccine before being admitted into any middle school.

The law does allow exemptions for medical, philosophical, moral, or religious beliefs. However, when there is a danger of an epidemic from any of the communicable diseases for which immunization is required, those children who are not adequately immunized, including children exempt, will be excluded from school until the danger of the epidemic is over.

Graduation Requirements

1. Students must be enrolled at Southwest Community High School to be eligible for graduation.
2. Students are required to earn 24 credits for graduation.
3. A unit of credit (0.5) is earned through class attendance one period per day, five days per week for 21 days and successful completion of that class. Science courses require 26 days of attendance.

4. In order to graduate from Southwest Community High School, the following credits must be earned:

(* = as needed to units of credit for	English	4 credits	Science	3 credits	meet the required graduation)
	Social Science	3 credits	Physical Education	1 credit	
	Mathematics	3 credits	*Elective Courses	10 credits	

Grading/Progress Reports/Conferences

Each class will begin with a joint agreement between the teacher and the student which defines the required work to be completed and the expected time frame for completion. Students are given the opportunity to redo failed lessons.

It is the student’s responsibility to complete the work satisfactorily within the time allocated. **Failure to stay on schedule can result in an academic suspension for failure to make adequate progress.**

The grading system in our school uses the letters A, B, C, D, and F. F indicates a failing grade. In general, the other four grades are interpreted as follows:

- 92% – 100% A – Superior
- 83% – 91% B – Good/Above Average
- 74% – 82% C – Average
- 65% – 73% D – Passing/Below Average

Grade slips are issued at the completion of each class.

It is the policy of Southwest Community High School to maintain contact with the home through telephone contact and conferences. Individual appointments are scheduled so that all parent(s) or guardians have an opportunity to confer with the teacher and principal. Parent(s) or guardians are encouraged to contact Southwest Community High School as needed to request progress reports.

Board Policy FFK - Suspension and Expulsion Policy

Definitions

The Board designates the Superintendent to serve as the hearing officer for expulsion hearings unless not qualified to serve as defined in board regulations. In such cases, the Board shall appoint an alternative hearing officer. The hearing officer may expel a student for conduct that violates this policy after providing notice and a hearing as set forth in board regulations. When the hearing officer is someone other than the Dickinson Public School Board, the student may seek a review of the hearing officer’s expulsion decision by the Board based on the record of the hearing.

Expulsion shall not be imposed beyond the maximum duration permitted by law.

Conduct Subject to Suspension/Expulsion

Conduct, including but not limited to the following, exhibited while on school grounds, during a school-sponsored activity, or during a school-related activity is subject to suspension or expulsion:

Copies of these rules shall be posted in a prominent place in each school and shall be published in student handbooks.

Suspension or Expulsion of Students with Disabilities

Suspension or expulsion of students with disabilities must comply with the provisions of the Individuals with Disabilities Education Act.

The District is not required to refer a regular education student who has been suspended for violation of school rules and/or District policy for special education assessment and evaluation to determine if such a student might have a disability. A suspended regular education student is not entitled to reinstatement to classroom and campus privileges pending any assessment and evaluation that is to be made during the term of the student's suspension.

Poor attendance, incomplete courses, and misbehaviors may result in a student's suspension from a class or from school.

A student may be terminated from their morning class and still attend their afternoon class and vice versa. However, if a student is terminated from both their morning and afternoon classes, they will be terminated from the alternative program. They will be placed at the bottom of the waiting list of accepted applicants if their intention is to return to the program. Students will be out of school for at least 5 days if they are terminated from the program.

Withdrawal, Drop/Fail and No Credit

Students removed from classes for violations of the attendance policies or for disciplinary reasons will receive a drop/fail and an "F" will be recorded on the transcript.

A grade of no credit "NC" may be recorded under certain circumstances and only with administrative approval.

Dickinson Public Schools – Student Activities

Southwest Community High School students are eligible to participate in Dickinson Public Schools activities and must follow the same policy and Code of Conduct as students at Dickinson High School and ~~Hagen Jr. High Dickinson Middle School~~. The code of conduct is also available at the following link: ~~Student Athletic Handbooks are available as needed and are also posted at the following website:~~ <http://www.dickinson.k12.nd.us/files/2014/08/2016-2017-Code-of-Conduct.pdf>.

Extra Curricular Participation Requirements (FFE)

Philosophy

The Board believes that participation in extracurricular activities constitutes a privilege and not a right. Students who participate in extracurricular activities represent the student body, school district, and community on the state and national level. As such, behavior of these students is a reflection of the entire community.

The District will enforce the requirements placed on extracurricular participants by the North Dakota High School Activities Association (NDHSAA), which govern both on and off campus behavior. In addition, the Board has established additional extracurricular participation requirements via a Dickinson Public Schools Code of Conduct policy found in the ~~Hagen Jr. High Dickinson Middle School~~ and Dickinson High School student handbooks.

Activities Affected by this Policy

Activities affected by this policy shall include extracurricular activities as listed in the student handbook, including those not sponsored by NDHSAA.

Academics

NDHSAA requires that local districts establish a definition of what constitutes a failing grade. For the purposes of this policy, a failing grade is defined as receiving a letter grade of F in any curricular course as computed from the beginning of the semester for regular education students or, in the case of special education students, not meeting the goals of Individual Education Programs as assessed from the beginning of the semester.

Suspension Procedure

When the principal or Superintendent, as a result of his/her investigation, concludes that a violation of this policy or NDHSAA bylaws has occurred, he/she shall notify the student of this suspension.

Violation of Other Misconduct Policies

Students who violate student conduct policies not covered by NDHSAA bylaws may be subject to suspension from extracurricular activities for a period of time determined by coaches/advisors and administration. Such consequences shall be imposed in addition to other disciplinary consequences imposed under the applicable policy.

When the administration deems suspension from extracurricular participation necessary, he/she shall follow the procedure for suspension from extracurricular participation required by NDHSAA bylaws and Dickinson Public Schools Code of Conduct policy.

Dickinson Public Schools is extremely proud of the multitude and variety of activity programs offered to all students. All student activity programs shall be organized and managed along the following guidelines:

- Participants shall be treated as regular students. No special consideration is given for grades, attendance, assignments, etc. Students involved in school activities should represent the best that the District has to offer in and out of the classroom.
- Full allegiance will be given to all rules and regulations of the North Dakota High School Activities Association as well as other policies set forth by Dickinson Public Schools.
- All activity programs will be conducted for the benefit of the participants, with maximum concern for their safety, health, and well-being.
- Coaches/advisors as regular faculty members, as well as those who are non-faculty, are expected to exhaust all legitimate channels for promoting the highest level of excellence in all programs. Keeping in mind that our students participate in a wide variety of activities, coaches/advisors are expected to promote and support all activity programs and will be evaluated on the basis of their loyalty and contribution to the total educational program.
- All participants involved in school activities must be mindful that participation in school activities is a privilege and therefore carries high levels of expectation. All participants must adhere to all rules and regulations of the NDHSAA, Dickinson Public Schools, and each individual program.

From the: Activities Director, Dickinson Public Schools, 979 13th Ave. W., Dickinson, ND 58601

B. Eligibility of Activity Participants

The North Dakota High Schools Activities Association (NDHSAA) serves as the governing body for many of the activities offered by Dickinson Public Schools. In accordance with the NDHSAA and many other state-sponsored student organizations, Dickinson Public Schools has adopted eligibility requirements for all its activity participants. Participants and parent(s) or guardians should take the time to become familiar with all eligibility requirements. The NDHSAA Constitution and By-Laws Manual contains thorough detailed information in regards to the activities they sponsor. These by-laws can be found at www.ndhsaa.com.

The following are selected policies of the NDHSAA and those policies adopted by Dickinson Public Schools pertaining to eligibility requirements of all Dickinson Public Schools student activity participants. Individual activity programs may have additional training rules/regulations that apply to participants. Program participants will be made aware of any specific program rules/regulations that exist. The Activities Director and building principal will approve specific individual program rules/regulations in addition to those specified below:

- 1) **PHYSICALS** – All athletes, cheerleaders, and dance team members are required to have an annual physical signed by a physician and the participant's parent(s) or guardians certifying that the participant has passed an adequate physical examination.
 - a. The above named participants are **not allowed to practice or participate in any contest, game, performance, or other interscholastic event** until a current physical is on file with the Activities Office at Dickinson High School.
 - b. Physicals must be completed annually on or after April 15 to be valid for the following school year. Physicals completed before April 15 are not valid for participation the following school year.
- 2) **PARTICIPATION FEES**
 - a. **Athletics** - All athletes, cheerleaders, and dance team members are required to pay an athletic participation fee as determined by Dickinson Public Schools.
 1. Athletic fees are based upon the grade level of the student, not the level at which they participate. For example, an 8th grade student participating on a high school team would pay the junior high fee, not the high school fee.
 2. Fees for club funded sports, swimming and hockey, are determined by each club.
 - b. **Other Activities** – All non-athletic activity participants are required to pay a participation fee as determined by Dickinson Public Schools. This fee is in addition to any state and national dues for each activity group.
 - c. **All Activities**
 1. Participation fees are due and payable on the first day of the activity.

Participants are **not allowed to practice or participate in any contest, game, performance, or other interscholastic event** until the required fee is paid at the Activities Office at Dickinson High School.

2. Fees should be paid at the Activities Office at Dickinson High School or may be given directly to the coach/advisor of the activity who will forward the payment to the Activities Office.
 3. Students who are not able to pay when payment is due or feel they cannot afford to pay the fee should make arrangements with the Activities Director.
 4. Each fee payer will receive a receipt for monies collected if requested.
 5. Student managers, statisticians, and scorekeepers are not required to pay activity fees.
 6. Students who voluntarily drop any activity will forfeit the fee.
 7. Students suspended from activities for disciplinary reasons or scholastic ineligibility will not receive refunds.
 8. Full or partial refunds may be granted due to illness, injury, or being cut from a team/group. No refunds will be granted if more than half of the activity is completed.
 9. Paying a participation fee DOES NOT guarantee any amount of playing time or other participation.
- 3) **CODE OF CONDUCT/MEDICAL RELEASE FORM** - All activity participants along with parent(s) or guardians are required to read and sign a Code of Conduct/Medical Care Release Form.
- a. This form must be completed every year.
 - b. Activity participants are **not allowed to practice or participate in any contest, game, performance, or other interscholastic event** until a current Code of Conduct/Medical Care Release Form is on file with the Activities Office at Dickinson High School.
 - c. In order to provide for the health and safety of the individual participant and other extracurricular participants participating in a field trip, out-of-town contest or convention, or away game, the District may conduct a random search of all personal property of extracurricular participants before the students depart for the field trip, contest, convention, or game.
To participate in any school-sponsored extracurricular field trip, out-of-town contest or convention, or away game, the student and the parent(s) or guardians of the student must sign a consent form by which the student agrees that as a condition of participation in the extracurricular activity, he/she will consent to reasonable search of personal property or clothing including student's backpack, book bag, suitcase, and/or purse.
 - d. Coaches/Advisors will carry a copy of this form with them at all times in the event of a medical emergency.
- 4) **SCHOLASTIC ELIGIBILITY** - In accordance with the North Dakota High School Activities Association, Dickinson Public Schools has adopted the following academic requirements for eligibility in school activities.
- a. **Hagen Jr. High Dickinson Middle School** Students: To participate, students may not be failing in more than one class. Grades are checked at the midterm of each quarter and at the end of each quarter (eight times per year). If a student has a failing grade in more than one class, the student is declared academically ineligible for one week. The student's grades will then be checked weekly, and the student will remain academically ineligible until the required number of classes is being passed. Also, any **Hagen Jr. High Dickinson Middle School** student participating on a Dickinson High School team/activity must be passing **all** classes to be academically eligible for that particular activity.
 - b. Dickinson High School Students: To participate, students must be passing **at least three** classes. Grades are checked at the midterm of each quarter and at the end of each quarter (eight times per year). If a student is not passing at least three classes, the student is declared academically ineligible for one week. The student's grades will then be checked weekly, and the student will remain academically ineligible until the required number of classes is being passed. Additionally beginning with the ninth grade, any student not earning at least two credits at the end of a semester is academically ineligible for the first four weeks of the following semester. In this case, grades for the following semester will be checked after four weeks and to be eligible that student must be passing at least three

classes. If not, the student will remain academically ineligible for one week and the student's grades and eligibility status will be checked weekly.

5) **SCHOOL ATTENDANCE** - At both the junior high and high school level, a student must be in attendance at school all day on the day of a competition, event, or performance unless prior approval is given by the Activities Director or building principal.

6) **CITIZENSHIP/SPORTSMANSHIP** - School activity participants are expected to exhibit good citizenship while at school and in the community. The conduct and behavior of participants is closely observed in many areas of school life and is a direct reflection of themselves, their parent(s) or guardians, the school, the community, and the coach/advisor. Participants will be courteous and show respect for people and property. Poor citizenship and poor sportsmanship will be determined by coaches/advisors and school administrators and may result in suspension from school activities.

7) **SPECIFIC TEAM/ACTIVITY RULES** - Individual programs may have additional training rules/regulations that apply to students. Program participants will be made aware of any specific program rules/regulations that exist. The Activities Director will approve specific program rules. Ability alone does not guarantee a position in any activity. Dedication, cooperation, practice, teamwork, fundamentals, and respect for team/activity rules are required.

8) **PRACTICE & GAME/EVENT ATTENDANCE** - Activity participants are expected to attend all practices and games/events while in season. In certain situations, participants will need to be absent for justifiable reasons and are considered **excused absences**. However, excused absences may result in suspension from school activities. Excused and unexcused absences will be determined by coaches/advisors and school administrators and may vary from activity to activity depending on specific circumstances.

9) **SUSPENSIONS AND EXPULSIONS** - Students who receive an out-of-school suspension or expulsion for any part of the school day shall not be allowed to participate in any competition, event, or performance for the entire day. Furthermore, a participant shall not be allowed to practice or attend school-sponsored events until this type of suspension/expulsion is completed. A participant who receives an in-school suspension may be ineligible for participation in school activities. Participation will be decided by the administration and coach/sponsor of the activity affected based upon the severity and circumstances leading to the in-school-suspension.

10) **INJURIES** - Dickinson Public Schools will ensure that competent coaches/advisors, safe facilities, and safe equipment are utilized. Nevertheless, injuries may still occur. If an injury occurs, notify the coach/advisor. **Medical costs for injuries are not the responsibility of Dickinson Public Schools.** Dickinson Public Schools does not carry insurance to cover costs involved in an injury. Injury costs are the responsibility of the student and/or their parent(s) or guardians.

11) **SOCIAL MEDIA** - Dickinson High School ~~student-athletes~~ **students** are representatives of Dickinson High and community. The athletic department requires student-athletes to exercise good judgment in their use of social media websites, and to conduct these activities in a responsible and respectful manner.

- It is impermissible for ~~student-athletes~~ **students involved in activities** to post information, photos, inappropriate behavior or items that could be interpreted as demeaning or inflammatory.
- It is not permissible to comment on injuries, officiating, or team matters that could reasonably be expected to be confidential to team members.
- ~~Student-athletes~~ **Students involved in activities** are required to follow all respective social media website rules.

Best Practices and Reminders

- Think twice before posting. If you wouldn't want your coach, parents, guardians, or future employer to see your post, don't post it.
- Be respectful and positive.
- Remember, many different audiences view your posts including fans, alumni, kids, local authorities, parents, faculty, etc.
- The internet is permanent. Even if you delete something, it is still out there somewhere. Do not post with an emotional state of mind. Coaches and administrators monitor social media and websites. Potential employers use social media and websites to screen candidates. Use the privacy/security settings made available on these sites.

12) **LEADERSHIP ORGANIZATIONS** - Students that are elected to leadership organizations such as Student Council, National Honor Society, etc. are publicly recognized for outstanding scholastic achievement and the highest levels of student behavior, moral character, leadership, commitment, and

respect for self and others both in school and in the community. Students that fail to meet these expectations as determined by advisors and school administrators are subject to disciplinary action, including removal from the organization.

13) OUT SEASON CLUBS/ORGANIZATIONS - Dickinson Public Schools encourages students to be involved in all available activities, including those not directly available through Dickinson High School. Clubs/Organizations offering activities not directly available through Dickinson High School may be considered for activity leave upon request to the Activities Director from the coach/head of the club or organization.

Note: Dickinson High School will not approve activity leave for activities in which Dickinson High School currently makes available for our students to participate in.

14) SPECIAL NOTES:

The Code of Conduct is in effect for the entire school year for all students whether or not they are currently in an activity. The Code of Conduct extends beyond the school year for those participants who are in an activity that either begins before school starts in the fall or ends after school ends in the spring. Each year, all activity participants are required to sign the Code of Conduct prior to participation. However, all students and parent(s) or guardians are reminded that once the school year begins, all students are subject to the Code of Conduct whether they have signed a Code of Conduct or not for the current school year as these policies are a part of the student handbook. Cooperating students from other schools participating in activities sponsored by Dickinson Public Schools are required to follow all the same policies and procedures as set by this Code of Conduct and DPS student handbooks.

C. Dickinson Public Schools Alcohol, Tobacco, and Controlled Substance Use Policy and Code of Conduct.

The purpose of this policy is to define the position and disciplinary procedures of Dickinson Public Schools and the North Dakota High School Activities Association regarding the use or possession of tobacco, alcohol, narcotics, drug paraphernalia, or other controlled substances by participants in activity groups sponsored by Dickinson Public Schools. All student activities sponsored by Dickinson Public Schools are affected by this policy. They shall include, but not be limited to all athletic teams and athletic-related teams, performance groups, interscholastic groups, school-sponsored organizations, state-sponsored activity groups, and other school clubs/activities offered by Dickinson Public Schools.

Use or possession of tobacco, alcohol, narcotics, drug paraphernalia, or other controlled substances defined by North Dakota law is prohibited. Any activity group participant who uses or possesses any of these substances will be suspended from all competitions or public appearances from the notification date. Participants in activities which are an extension of the classroom and are grade related such as concert band and concert choir will be allowed to participate in public performances but will not be allowed to participate in any interscholastic competition event.

Penalties will be prescribed as shown below:

1. First offense of the school year – six weeks
2. Second and subsequent offenses in the same school year – additional 18 weeks for each offense

Notes:

- a. In addition to the suspensions listed above, Dickinson Public Schools also requires that participants must complete a substance abuse evaluation from a licensed addiction facility at the participant's expense beginning with the second offense and any subsequent offenses. This policy is in effect starting in the 6th grade and cumulative through 12th grade. This evaluation must be completed before ever participating in activities sponsored by Dickinson Public Schools again.
- b. Keep in mind that students get a "fresh start" every year the school year begins when dealing with suspensions only, not evaluations. The first offense in a single school year is six weeks and subsequent offenses in the same school year are 18 weeks. These suspensions start over every year. However, suspensions are cumulative from year-to-year when dealing with evaluation requirements. For example: A student is suspended for six weeks during his/her 8th grade year for tobacco. This same student is then again suspended during his/her junior year for alcohol. Because it is a different school year, the suspension would be six weeks. However, because this is the second offense by this same student since 7th grade, an evaluation would be required and

would have to be completed before ever participating in activities sponsored by Dickinson Public Schools again.

- c. Dickinson Public Schools does provide an appeal process to ensure due process when students are suspended from school activities for alcohol, tobacco, and drug violations. Details of the appeal process and the entire Dickinson Public Schools Policy on Controlled Substance Use and Code of Conduct are available in Dickinson Public Schools student handbooks.

A student will be determined to have used one of the aforementioned substances when a witness has observed him/her ingesting the substance or under the influence of the substance and signs a statement to the effect. After the statement has been signed, school officials will make a determination of guilt or innocence.

A student will be determined to be in possession when he/she is found to have the substance on his/her person, such as in a pocket or in hand, or within an area which the participant controls, i.e. his/her vehicle, home, or person. Full or partial ownership shall also be evidence of possession. In order to show that a student is in possession of a prohibited substance, it is generally necessary to show that the student was aware of the presence and character of the particular substance and was intentionally and consciously in possession of it.

School administrators shall immediately investigate any alleged violation of the alcohol, tobacco, and controlled substance policy that is made known to the administration. If the administration finds probable cause to believe that this policy has been violated, the parent(s) or guardians will be immediately notified of the violation and penalty.

~~B. Due Process Appeal Policy~~

~~To assure due process, no Dickinson Public Schools activity participant will be suspended from any activity without first being advised of the nature of the violation, the evidence against him/her, and the right to request an appeal hearing within three school days of the administration's decision. The period of suspension shall begin from the date and time notification is given to the student and/or parent/guardian by the school administration. If a student and/or parent/guardian wishes to appeal the decision, an appeal hearing must be requested within three school days of being notified of the suspension by the administration. That request should be made to the building principal and/or Activities Director. Once the request is made, the appeal hearing will take place as soon as possible, preferably within three days of the student and/or parent request to have such hearing.~~

~~_____The appeal hearing will be heard by the Dickinson Public Schools Superintendent. This appeal will be considered the final appeal as the superintendent will act as the representative of the Dickinson Public Schools Board of Education. During the appeal hearing, the building principal or his designee shall act as the moderator of the hearing. The following parties may be involved: the participant being charged, parents/guardians of the participant, coach or director of the activity, witnesses to the violation, the investigating administration, and legal counsel for the participant if he/she desires. The participant being charged will be allowed to testify, to have witnesses, and to question all witnesses. Once the appeal hearing is over, the Superintendent will render a decision. The Superintendent may delay his or her final decision if he or she feels it necessary to investigate the incident further.~~

~~Notes:~~

- ~~1. During the time between notification and the hearing, the suspension may be deferred for good cause shown. However, if the school administration believes that clear and substantial evidence shows that the student is in violation of this policy, the student will be suspended immediately. The reason is that NDHSAA regulations state that if the suspension is not immediately imposed and the student is found to be guilty at a later date, any interscholastic contests or activities participated in by that student have to be forfeited.~~
- ~~2. If a violation of this policy occurs in school, on school premises, or at a school related activity, the student will be disciplined under the terms of this policy as well as the terms of the major disciplinary policy of each school district building.~~

D. Activity/Athletic Scheduling Conflicts

Dickinson High School and ~~Hagen Jr. High~~ Dickinson Middle School offer a multitude of activities for students. Because of the number of activities and limited days to hold events, scheduling conflicts are

inevitable. Students/parents/guardians are to notify coaches/advisors immediately when they become aware that a conflict exists. The Activities Director is responsible for scheduling and will make every attempt to avoid scheduling conflicts. When conflicts exist, curricular events such as musical performances and singular qualifying events will have precedence over all sub-varsity events and may have preference over varsity events. When a conflict arises between two qualifying events, the Activities Director will meet with the advisor/coach to decide which event the student should attend. Parental input will be considered. If the conflict remains unresolved, the building principal will conduct a meeting with the parties involved and render a final decision.

E. Church Night

As a courtesy to church organizations, no student activities (including practice) will be scheduled on Wednesday nights after 6:00 p.m. Exceptions can only be made by the Activities Director.

F. Sundays/Holidays

The NDHSAA allows contests to be scheduled on Sundays. However, it is the policy of Dickinson Public Schools that athletic contests will not be scheduled on Sundays unless there is no other option. Such athletic contests must be approved by the Activities Director.

Practices are allowed on Sundays for varsity level athletes and other activity groups provided that these practices do not conflict with church activities. Sunday practices for sub-varsity athletes are not permitted at any time. Practices are to never be held before 12:00 noon on Sundays. Additionally, coaches/advisors should provide leniency for those students who may have family obligations that conflict with Sunday practices. Furthermore, practices on holidays are to be approved by the Activities Director and/or building principal.

- Obscene or vulgar clothing of any kind may not be worn.

- Clothing that may be interpreted as “gang” apparel is not appropriate in the classroom.

Board Policy FGCB - Searches of Students and Students’ Personal Property

A search of a student’s personal property or clothing shall only be undertaken when there is a reasonable suspicion that the student is concealing an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students. The building principal or Superintendent must authorize all searches.

When the principal/Superintendent has reasonable suspicion that one or more students are carrying a prohibited object, article, or substance or are otherwise in possession of a prohibited object, article, or substance on school property or at a school-sponsored event, all personal property belonging to the suspected student(s) may be subject to inspection. When determining the scope of a search, the principal/Superintendent shall ensure that any measures adopted are reasonably related to the object of the search and not excessively intrusive in light of the age and sex of the student.

Search Procedure

For the purposes of this policy, personal property includes, but is not limited to, a student’s vehicle, backpack, book bag, and/or purse. Students may also be asked to empty their pockets; however, strip searches shall not be conducted.

Searches of persons should be conducted in private by a school employee of the same sex as the student with a school employee present as a witness.

Searches of Vehicles

The principal or designee shall conduct searches of student vehicles if the vehicle is parked on school property and if reasonable suspicion exists with a witness present. The principal shall make a reasonable attempt to contact the student who owns the vehicle and ensure he/she is present during the inspection unless an emergency situation is deemed to exist. If a vehicle is locked and its owner cannot be contacted or refuses to open it, the principal shall contact law enforcement.

Involvement of Law Enforcement

The principal/Superintendent may request the assistance of law enforcement to conduct any portion of a school-initiated search of a student/student's personal property that would pose a safety threat if conducted by school staff. In all other cases, law enforcement must have probable cause in order to search a student/student's personal property.

Illegal substances found during searches of students/students' personal property may be turned over to proper authorities.

Reporting Requirements

The administrator who authorized the search shall notify the Superintendent whenever a search has been conducted and shall complete a search and seizure report form to be retained in the suspected student's educational record.

Students are subject to search upon a reasonable suspicion that the search will yield evidence of violation of a school rule.

Board Policy FGCA - Searches of Lockers

The District retains ownership and control of all lockers. Access to all lockers is a legal right of school officials whose responsibility it is to protect the health, safety, and welfare of all students enrolled. Students shall have no reasonable expectation of privacy when using lockers. Student shall be given advanced notice of this policy through student handbooks or another form of notification. Lockers may be subject to suspicionless searches, inspections for purposes such as routine maintenance, or searches where there is suspicion that locker(s) contain objects/substances that are illegal, violate school policy, or may be detrimental to the health, safety, or welfare of District students.

Search Procedure

When a locker is subject to a search, the principal/Superintendent should be accompanied by at least one other school staff member.

Student's personal items stored in lockers such as, but not limited to, book bags, purses, and coats shall not be searched unless there exists reasonable suspicion that they contain an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students.

The Superintendent should be notified whenever a search has been conducted if the Superintendent was not involved in the search.

Use of Trained Dogs & Involvement of Law Enforcement

Trained dogs may be used to smell the outside of lockers. If the dog detects the possibility of objects/substances that are illegal or violate school policy, the principal/Superintendent shall search the locker in accordance with the search procedure above.

In the event a police officer or other law enforcement officer is to conduct a search of a student's locker, probable cause is necessary unless the search is school-initiated and would pose a safety threat if conducted by school staff. Illegal substances found in lockers may be turned over to proper authorities.

Board Policy ACEC - Vandalism

Definition

For the purposes of this policy, vandalism includes, but is not limited to, willfully defacing or damaging school property, including items entrusted to students such as, but not limited to, textbooks.

Remedies & Repercussions

The Board may offer a reward as authorized by North Dakota law to any person furnishing information leading to the apprehension and conviction of any person(s) who vandalized property belonging to the District. The Board may also accept private donations to establish a reward fund to encourage the furnishing of such information.

It is the policy of the Board to seek all legal redress against persons found to have committed vandalism. Full restitution for the damage caused will be sought from the responsible persons, or in the case of minors, from the minors and their parent(s) or guardians, under state law. In addition, disciplinary action will be taken in accordance with board policy and law when District students and/or employees have been found to have committed vandalism of school property.

Destruction of school property or theft against school, teachers, or students may result in suspension. The proper legal authorities may become involved.

School Board Policy FF - Student Conduct and Discipline**Discipline/Violence**

Violence is any mean word, look, sign or act that hurts a person's body, feelings or things.

- No one is entitled to use violence.
- Violence is not tolerated in our school.

Disciplinary consequences can include but are not limited to the following:

- restitution;
- detention;
- out-of-school suspension;
- expulsion;
- referral to proper authority and/or non-school agencies.

Conduct Standards

Students will conduct themselves in a manner fitting their age level and maturity and students will not impede on the orderly conduct of District schools. Additionally, students will respect the rights of others on District property, including, but not limited to, District owned/leased/chartered vehicles, at school-sponsored events, and off-campus when student conduct has, or is reasonably predicted to have, a substantially disruptive effect on District operations and/or the educational environment.

Disciplinary Standards

Consequences for misconduct will be fair and developmentally appropriate in light of the circumstances. The Superintendent shall develop age-appropriate disciplinary standards in consultation with principals and other applicable District personnel. In addition, the Superintendent shall develop administrative regulations to assist administrators/their designees with investigating potential conduct violations.

Disciplinary Standards for Special Education Students

District employees are required to comply with the Individuals with Disabilities Act when responding to violations of student conduct standards by special education students.

Prohibited Disciplinary Actions

The Board recognizes that reasonable physical force may occasionally be necessary to guard the safety and well being of students or employees or to deliver a student to an administrator's office; however, the use of corporal punishment, defined as the willful infliction of physical pain on a student, is not allowed in the Dickinson Public Schools Public School District. Corporal punishment does not include action taken by an

employee for self-defense, protection of persons or property, obtaining possession of a weapon or other dangerous object, to quell a verbal disturbance, for the preservation of order, or pain or discomfort caused by athletic competition or recreational activities voluntarily engaged in by a student.

Complaints alleging that a District employee inflicted corporal punishment will be dealt with in accordance with school board policy on personnel complaints.

Disciplinary Authority

Regulations on disciplinary standards and investigation procedures shall delineate the degree of disciplinary authority that the District shall grant to teachers and principals.

Other school personnel shall be granted disciplinary authority by the principal on a case-by-case basis based on the nature and scope of the employee's duties. Personnel granted such authority shall be required to comply with this policy and any disciplinary authority limits established by regulations. Employees unauthorized to administer student discipline shall report student misconduct to the appropriate school authority.

Any District employee who acts outside the scope of his/her assigned level of disciplinary authority may be subject to disciplinary action, including but not limited to, discharge from/termination of employment in accordance with law and/or the negotiated agreement.

Our school staff requires everyone to respect each other. A zero tolerance policy is in effect regarding poor conduct.

Disciplinary Procedures

As an alternative school, Southwest Community High School operates under the assumption that students are in school by choice and that their behaviors will be appropriate. **Suspensions from school can be made for poor attendance, inadequate progress** (failing to complete the required work), **or behavior** (fighting, insubordination, disrespect and insolence). Suspensions will normally be for three school days for the first offense, but the circumstances may dictate a greater or lesser period of time. It is hoped that during their time away from school the student will consider the importance of education and choose to perform appropriately for the school environment.

Out-of-School Suspension

Students that are out-of-school suspended are not permitted to be on school property nor are they permitted to attend any school-sponsored activity, (both on-campus and off-campus), until the suspension has been completed.

Building Regulations

1. If you feel you must leave the school building because of illness or an emergency, report to the teacher.
2. **BEVERAGES:** Only beverages purchased within the school may be consumed in the building. Failure to keep the premises neat will result in the suspension of this privilege.

Board Policy ABBA- North Dakota's Comprehensive Model School Policy for Tobacco Use

Definitions

For purposes of this policy, *tobacco* is defined to include any product that contains tobacco, is manufactured from tobacco, or contains nicotine, cigarettes, electronic smoking devices, or other smoking devices. This excludes any FDA-approved nicotine replacement therapy.

The health hazards of tobacco use have been well established. This policy is established to:

1. Reduce the high incidence of tobacco use in North Dakota.
2. Protect the health and safety of all students, employees, and the general public.

Bringing a weapon other than a firearm to school will require that proceedings for the suspension for up to 10 days and/or expulsion for up to 12 months be initiated immediately in accordance with the District's suspension and expulsion policy.

Bringing a firearm to school will require that the District immediately initiate proceedings for the expulsion of the student involved for a minimum of one calendar year in accordance with the District's suspension and expulsion policy. The Superintendent may modify the length of a firearms-related expulsion on a case-by-case basis based on the following criteria:

1. The totality of the circumstances, including the severity of the incident and the degree of endangerment of other students and staff.
2. The age and grade level of the student.
3. The prior disciplinary history of the student being expelled.
4. Relevant factors which contributed to the student's decision to possess a firearm in violation of this policy.

6. Whether the optional provision of educational services in an alternative setting is a viable alternative to modifying the duration of the expulsion.
7. Input, if any, provided by licensed professionals (psychologists, psychiatrists, counselors) as to whether the expelled student would place himself/herself or others at risk by returning to the school prior to the expiration of the expulsion period.

Parent(s) or guardians will be notified and all weapons, ~~dangerous objects, or look-a-likes~~ will be confiscated and may be turned over to the student's parent(s) or guardians or to law enforcement officials at the discretion of the administration. Firearms will be confiscated and turned over to law enforcement.

- *True threat* is a statement that, in light of the circumstances, a reasonable person would perceive as a serious expression of intent to inflict harm.

Prohibitions

While at a public school, on school District premises, in a District-owned or leased school bus or school vehicle, or at any public school or school District sanctioned or sponsored activity or event, a student staff member or school volunteer may not:

1. Engage in bullying;
2. Engage in reprisal or retaliation against:
 - a. A victim of bullying;
 - b. An individual who witnesses an alleged act of bullying;
 - c. An individual who reports an alleged act of bullying; or
 - d. An individual who provides information/participates in an investigation about an alleged act of bullying.
3. Knowingly file a false bullying report with the District.

Off-campus bullying that is received on school property is also prohibited. The District has limited disciplinary authority to respond to such forms of bullying.

Reporting Procedures for Alleged Policy Violations

1. Reporting requirements for school staff: Any school staff member with knowledge or suspicion of a violation of this policy or who has received an oral or written report of a violation of this policy from a student, community member, or anonymously shall contact the building principal to inform him/her as soon as possible. If the alleged violation implicates the building principal, the school staff member shall report it to the Superintendent. If the alleged violation implicates the Superintendent, the school staff member shall file it with the Board President.

Should school administration determine that a school staff member knew of or suspected a violation of this policy and failed to report it in accordance with the procedure above, the staff member may be subject to disciplinary consequences or, for sponsors of school-sanctioned activities, other corrective measures.

2. Reporting options for students and community members: Students and community members (including parents or guardians) may report known or suspected violations of this policy using any of the following methods:
 - a. Completing a written complaint form: A complainant will have the option of including his/her name on this form or filing it anonymously. The District will place the form in a variety of locations throughout the school and should inform students and staff of these locations. The form may be returned to any school staff member or filed in a school building's main office.
 - b. Complete and submit an online complaint form. A complainant will have the option of including his/her name on the form or submitting it anonymously.
 - c. File an oral report with any school staff member.

A complaint filed anonymously may limit the District's ability to investigate and respond to the alleged violations.

Reporting to Law Enforcement & Others Forms of Redress

Anytime a school staff member has reasonable suspicion that a bullying incident constituted a crime, he/she shall report it to law enforcement. Also, nothing in this policy shall prevent a victim/his/her family from seeking redress under state and federal law.

Documentation & Retention

The District shall develop a form to report alleged violations of this policy. The form should be completed by school staff when they:

1. Initiate a report of an alleged violation of this policy; or
2. Receive an oral report of an alleged violation of this policy.

The form should be completed by an administrator when he/she:

1. Initiates a report of an alleged violation of this policy; or
2. Receives an oral report of an alleged violation of this policy.

All written reports of an alleged violation of this policy received by the District shall be forwarded to the appropriate school administrator for investigation and retention.

Report forms and all other documentation related to an investigation of an alleged violation of this policy shall be retained by the District for six years after a student turns 18 or graduates from high school, whichever is later. If a student does not graduate from the District, such reports and investigation material shall be retained for six years after the student turns 18.

Investigation Procedures

School administrators (i.e., a principal, an assistant superintendent, or the Superintendent) are required to investigate violations of this policy (as prescribed under "Prohibitions"), when in receipt of actual notice of an alleged violation. Actual notice of an alleged violation occurs when alleged bullying, reprisal, retaliation, or false reporting is reported using the applicable method(s) prescribed in the reporting section of this policy.

Upon receipt of a report of an alleged policy violation, the designated administrator shall first determine if the alleged policy violation is based on a protected status — whether actual or perceived. Reports involving

a protected status shall be investigated in accordance with the District's harassment/discrimination policy, including the timelines contained therein.

In all other cases, administration shall determine the level of investigation necessary based on the nature of the alleged violation of this policy after considering factors such as, but not limited to: the identity of the reporter and his/her relationship to the victim/alleged perpetrator; the ages of the parties involved; the detail, content, and context of the report; whether this report is the first of its type filed against the alleged perpetrator. Based on the level of investigation the administrator deems necessary, investigations may include any or all of the following steps or any other investigatory steps that the administrator deems necessary:

1. Identification and collection of necessary and obtainable physical evidence (*NOTE: In some cases physical evidence may be unobtainable, e.g., a private social networking profile*);
2. Interviews with the complainant, the victim, and/or the alleged perpetrator. At no time during an investigation under this policy shall the victim/complainant be required to meet with the alleged perpetrator;
3. Interviews with any identified witnesses;
4. A review of any mitigating or extenuating circumstances;
5. Final analysis and issuance of findings in writing to the victim and bully and, if applicable, implementation of victim protection measures and disciplinary measures under this or other applicable policies.

Investigations shall be completed within 60 days unless the administrator documents good cause for extending this deadline. Such documentation should be sent to victim and alleged perpetrator during the investigation.

Disciplinary & Corrective Measures

Students that the District has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy, administration shall take into account the totality of circumstances surrounding the violation.

Measures that may be imposed include, but are not limited to:

1. Require the student to attend detention;
2. Impose in- or out-of-school suspension or recommend expulsion. Due process procedures contained in the District's suspension and expulsion policy shall be followed;
3. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond;
4. Create a behavioral adjustment plan;
5. Refer the student to a school counselor;
6. Hold a conference with the student's parent(s) or guardians and classroom teacher(s), and other applicable school staff;
7. Modify the perpetrator's schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim;
8. If applicable, contact the administrator of the website on which the bullying occurred to report it.

If the misconduct does not meet this policy's definition of bullying, it may be addressed under other District disciplinary policies.

For bullying initiated off campus and received on campus (e.g. cyber bullying), the District only has authority to impose disciplinary measures if the bullying substantially disrupted the educational environment or posed a true threat. In all other cases of off campus bullying received on campus, the District may only take corrective measures as described in items five through eight above.

If the perpetrator is a school staff member, the District shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual's contract), suspension, or a recommendation for termination/discharge in accordance with any applicable law.

Victim Protection Strategies

When the District confirms that a violation of this policy has occurred, it should notify the victim's parent(s) or guardians and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration has reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but not be limited to, the following:

1. Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
2. Notice to the victim's teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
3. Assignment of District staff to monitor, more frequently, areas in the school where bullying has occurred.
4. Referral to counseling services for the victim and perpetrator.
5. Modification of the perpetrator's schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator's contact with the victim.

Prevention Programs & Professional Development Activities

In accordance with law, the District shall develop and implement bullying prevention programs for all students and staff professional development activities.

Board Policy FFA - Student Alcohol and Other Drug Use/Abuse

Philosophy

The Dickinson Public Schools shall strive to provide a learning environment that is safe, drug free, and conducive to learning. 1. Sell, deliver, or give, or attempt to sell, deliver, or give to any person any of the substances listed in this policy or sell, deliver, or give, or attempt to sell, deliver, or give to any person substances the student represents or believes to be a substance(s) listed in this policy.
2. Possess, procure, purchase, or receive, or to attempt to possess, procure, purchase or receive the substances listed in this policy or what is represented by or to the student to be any of the substances listed in this policy or what the student believes is any of the substances in this policy. A student will be determined to be "in possession" when the substance is on the student's person or in the student's locker, car, handbag, or when he/she owns it completely or partially.
3. Be under the influence of (legal intoxication not required), use, consume or attempt to use or consume the substances listed in this policy or what is represented by or to the student to be any of the substances listed in this policy or what the student believes is any of the substances in this policy.

This policy applies to any student who is on school property, who is in attendance at school or at a school-sponsored activity or whose off-campus conduct is reasonably predicted to substantially disrupt the operations of the school District, District safety, or welfare of students or employees.

Prohibited Substances:

1. Alcohol, **powdered alcohol**, or any alcoholic beverage;
2. Any controlled substance or dangerous drug as defined by NDCC Sections 19-03.1-05 through 19-03.1-13 and 19-03.1-26 (paraphernalia) or as defined by Section 812, Schedules I-V, of Title 21, United States Code, Section 801, et seq., including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant or depressant, and all other illicit drugs;

remedies, depressants, sports or muscle-building supplements, and sleeping pills not administered and/or taken with appropriate consent and authorization from parents, guardians, school administration, and, if applicable, a health care provider.

The District has a separate policy dealing with tobacco use.

Reporting Violations

A student or staff member that has reason to believe that a student has violated this policy should notify a school official (i.e., a teacher or administrator if the reporter is a student; a school administrator if the reporter is a District staff member). Except in limited circumstances under law, a teacher is required to report known or suspected violations of this policy to the school principal.

Violation

When a principal/Superintendent has reasonable suspicion that a student has violated this policy, he/she may search the student in accordance with the District's policy on searches of students' personal property. Such searches shall not include referral for mandatory alcohol/drug testing.

Disciplinary sanctions will be imposed on, and additional actions may be taken (as listed below) in response to, any violation of this policy. These sanctions may include suspension or expulsion, intervention (as described below), and notification of proper authorities for prosecution. Prohibited substances will be confiscated and illegal substances will be turned over to law enforcement authorities.

Any student who is observed to be under the influence of a prohibited substance will be taken immediately to the principal's office. The student's parent(s) or guardians will be notified and asked to pick up the student. If there appears to be imminent danger to other students, school personnel, and/or the student involved, the principal may have the student removed from the school by school, medical, or law enforcement personnel.

Intervention

It is acknowledged that the public school has neither the authority nor the responsibility to make medical or health determinations regarding chemical dependency; however, when observed behavior indicates that a problem exists which may affect the student's ability to learn or the educational climate of the school, the school has a right and a responsibility to refer the student for a formal chemical dependency diagnosis. The Superintendent shall develop a procedure for chemical dependency identification and referral for treatment.

Referral for treatment shall be a constructive not punitive action; however, use of the treatment program shall not override or prohibit the District from taking disciplinary action for violations of this policy.

The school will make a reasonable effort to cooperate with a therapy program if one is recommended for the student. The Board believes that if a student is involved in a chemical dependency program and is successfully addressing his/her harmful involvement with chemicals, he/she may continue in the regular school setting and continue to participate in any extracurricular program unless participation is in conflict with rules and regulations set forth by the Board and the North Dakota High School Activities Association and/or the student has been suspended or expelled as a result of a District policy violation..

The school may, through the use of available resources, provide follow-up counseling and supportive assistance to those students who return after successfully completing a therapeutic regimen, realizing that the student may need assistance in dealing with other environmental factors beyond the school's control which may remain unchanged.

Confidentiality

The District shall maintain the confidentiality of students referred for counseling and chemical dependency treatment in accordance with the District's policy on counseling records.

Education

This District will teach about drugs and alcohol in an age appropriate developmentally based education and prevention program ~~in every grade in accordance with law~~. This program will include information about drug and alcohol counseling and rehabilitation programs available to the students.

In addition, the District will conduct staff orientation and training on drug and alcohol prevention, including a periodic overview of this policy and its procedures for implementation. ~~The District will also provide parent and community education on the topic of drug and alcohol prevention.~~

Asbestos Notice

The Asbestos Hazard Emergency Response Act (AHERA) required that all public school buildings be inspected or re-inspected for the presence of asbestos every three years after a management plan is in effect. The same statute also required initial and annual notifications of the availability of a management plan which outlines the steps to be taken to eliminate any hazards.

The Dickinson Public School District has a very limited amount of asbestos containing materials in the school buildings and it is being managed in strict compliance with all pertinent federal regulations. A copy of the inspection report, which details the locations of these materials and the proper management procedures, is available for public inspection during normal working hours in the Central Administration Office.

School Board Regulation AAC Discrimination, Harassment, and Retaliation Grievance Procedure

The following procedure is designed to resolve discrimination, harassment, and retaliation complaints by and against District students, parents, employees, and third parties, as described in board policy, coded AAC, in a prompt and equitable manner. Board policy requires all students and employees to fully cooperate when asked to participate in a discrimination, harassment, or retaliation investigation. The procedure contained in this regulation supersedes the District's policies regarding complaints about personnel and bullying.

Retaliation Prohibited

The District prohibits retaliation for an individual's participation in and/or initiation of a discrimination and/or harassment complaint investigation, including instances when a complaint is not substantiated. The consequences for violating this prohibition are delineated in the Nondiscrimination and Anti-Harassment Board Policy, coded AAC.

Complaint Filing Format and Deadlines

A complaint may be filed verbally or in writing and should be filed as soon as possible after the discrimination, harassment, or retaliation allegedly occurred. Delays in filing a complaint may cause difficulties in the investigation.

With Whom Complaints May be Filed

A complaint may be filed with any District employee. District employees are required to report any discrimination, harassment, or retaliation to the appropriate grievance coordinator (Title IX, 504, Title II when they knew (e.g., received a complaint, directly observed it) or should have known it was occurring (e.g., overheard students talking about an incident, saw discriminatory or harassing graffiti or vandalism on school

property). Complaints other than Title IX, 504, or Title II shall be referred to the Human Resources Director. Failure by a District employee to report under this regulation may result in disciplinary action.

Initiating Complaint Resolution Procedure

After receiving a discrimination, harassment, and/or retaliation complaint or gaining knowledge of potentially discriminatory and/or harassing conduct, the appropriate grievance coordinator shall contact the complainant, determine if an informal or formal investigation is appropriate, and determine if the complainant requests confidentiality. Requests for confidentiality must be handled in accordance with policy AAC.

Prohibition on Meeting with the Accused

At no time during the informal or formal resolution process shall the complainant be required to meet with the accused. If the appropriate grievance coordinator assigned to conduct or oversee the investigation is the accused, the Superintendent, or Board President (if the Superintendent is the accused) shall designate a different individual (which may be a third party) to carry out the accused's responsibilities associated with the investigation.

Third-Party Assistance

A school official responsible for conducting or overseeing discrimination, harassment, and/or retaliation investigations is authorized to receive assistance from the District's legal counsel throughout the process.

Investigation Timeframes

The informal resolution procedure must be completed within 30 days of a District employee reporting the complaint or incident to the appropriate grievance coordinator, unless the investigator documents reasons for delays and communicates these reasons to the complainant and accused.

The formal resolution procedure must be completed within 60 days of a District employee reporting the complaint or incident to the appropriate grievance coordinator or a complainant or accused terminating the informal complaint procedure, unless the investigator documents reasons for delays and communicates these reasons with the complainant and accused. Acceptable reasons for delays include extended school breaks when witnesses are not available, and complex cases involving multiple witnesses.

Interim Measures

Pending the final outcome of an informal or formal resolution, the District shall institute interim measures to protect the complainant and inform him/her of support services available. Interim measures may include a District-enforced no contact order, schedule changes, academic modifications for the complainant, and/or school counseling for the complainant. These interim measures should have minimal impact on the complainant. If the accused is a student, interim measures should also take into consideration the accused student's educational rights.

Informal Resolution Procedure

This procedure may only be used when mutually agreed to by the complainant, the accused and the appropriate grievance coordinator. This procedure may not be used when the alleged discrimination, harassment, and/or retaliation may have constituted sexual violence or any other crime. The formal resolution procedure must be used whenever the informal procedure is not permitted.

During the informal resolution process, the investigator shall gather information necessary to understand and resolve the complaint. Based on this fact-gathering process, the investigator shall propose an informal resolution, which may include requiring the accused to undergo training on discrimination, harassment, and/or retaliation, requiring all students and employees to undergo such training, instituting protection mechanisms for the complainant, and/or holding a formal meeting with the accused to review the nondiscrimination and anti-harassment policy, coded AAC, and discuss the implications of violating it. Both the complainant and the accused must agree to the informal resolution before it can be instituted.

The appropriate grievance coordinator shall monitor the implementation and effectiveness of the informal resolution procedure and initiate the formal resolution procedure if discrimination, harassment, and/or retaliation persists.

Both the complainant and the accused have the right to terminate the informal resolution procedure at any time to pursue a remedy under the formal resolution procedure.

Formal Resolution Procedure

This procedure must be used whenever the informal resolution procedure is not used. Whenever alleged discrimination, harassment, or retaliation may have constituted a crime, the Superintendent should contact law enforcement and enter into a memorandum of understanding concerning sharing of evidence and coordination of the investigation. However, the District shall proceed with its investigation and this resolution procedure, regardless of the criminal investigation or outcome. The fact-gathering portion of the investigation must be carried out or overseen by the appropriate grievance coordinator and must consist of interviews with the complainant, the accused, and any others who may have witnessed or otherwise have knowledge of the circumstances giving rise to the alleged complaint and may involve gathering and review of information relevant to the complaint. Both the complainant and accused will have equal opportunity to present evidence and name witnesses. Witnesses must be instructed not to discuss this matter with others except proper authorities.

The fact-gathering portion of the investigation must be completed as soon as practical

Investigation Report:

After the fact-gathering process is complete, under the formal resolution procedure, the appropriate grievance coordinator shall complete a written report containing a determination of whether allegations were substantiated, whether the nondiscrimination and anti-harassment policy (AAC) was violated, and recommendations for corrective action, if any. The appropriate grievance coordinator shall assess if discrimination, harassment, and/or retaliation “more likely than not” occurred based on the following criteria:

1. Whether evidence suggests a pattern of conduct supportive of disproving the allegations of discrimination, harassment, and/or retaliation;
2. Whether behavior meets the definition of discrimination, harassment, and/or sexual harassment as defined in board policy AAC;
3. Ages of the parties involved;
4. Relationship between the parties involved;
5. Severity of the conduct;
6. How often the conduct occurred, if applicable, and;
7. How the District resolved similar complaints, if any, in the past.

The investigation report must indicate if any measures are to be instituted to protect the complainant. Such measures may include extending any interim protection measures taken during the investigation. The report must also inform the complainant of support services available, which at a minimum must include offering school counseling services if the complainant is a student.

The investigation report must contain a monitoring plan to evaluate the effectiveness of the resolution and help prevent recurrence.

Disciplinary Action

Any disciplinary action must be carried out in accordance with board policy, law, and, when applicable, the negotiated agreement.

The appropriate grievance coordinator along with the building principal shall determine if a recommendation for expulsion for an accused student should be made.

The appropriate grievance coordinator along with the District Superintendent shall determine if a recommendation for discharge for an accused employee should be made.

If this recommendation is made and a hearing is required, the hearing must be held in accordance with District policy and law.

Both the complainant and accused shall have an equal right to attend the hearing, have a representative and parent (if student) present, present evidence, and question witnesses.

The complainant may choose to appoint a representative to participate in the hearing in his/her stead.

Notice of Outcome

Both the complainant and the accused must be provided written notice of the outcome of the complaint.

Nothing shall prevent the parties from seeking judicial redress through a court of competent jurisdiction or through any applicable state or federal complaint procedures.

Investigation Materials

Investigation materials must be retained by the appropriate grievance coordinator for at least six years.

Board Policy ABCA - Copyrighted Material and Intellectual Property

Copyright Prohibitions

The District shall abide by the provisions of copyright law, including Fair Use Standards. The District prohibits illegal duplication in any form. Copyright materials, whether they are print or non-print; published online; or in the form of software, music, a digital medium or a performance shall not be duplicated or performed unless such use is permitted under law; or unless appropriate written permission from the copyright holder has been received and, if applicable, royalties paid.

Compliance

Each librarian should maintain copies of federal Fair Use copying guidelines and federal Fair Use Standards for off-air taping of copyrighted audio and audiovisual works. Legal counsel shall review any proposed usage beyond the guidelines.

The Superintendent will issue memorandums regarding this policy and federal Fair Use Guidelines to employees as needed; post notices of copyright law and this policy in appropriate locations; install filtering software on District networks to prevent illegal downloading and file sharing; and notify students of this policy through the use of student handbooks.

Intellectual Property

Any copyrightable work produced by a District employee within the scope of his/her duties is considered "work made for hire." The District owns all copyrightable rights to these items. Employees have no right to use such work outside the scope of their District duties without the board's permission. Work made for hire must remain with the District upon separation.

The Board authorizes the Superintendent to sell "work made for hire" products to other school systems, organizations, or commercial firms in accordance with the District's sale of school property policy.

Violations

Administration shall investigate all complaints of alleged copyright violations.

Students and employees who willfully disregard the District's copyright position are in violation of board policy and shall be subject to disciplinary consequences in accordance with applicable policies and law. In addition, employees who willfully disregard this policy do so at their own risk and assume all liability. The District may also deem employees who willfully violate copyright laws to be acting outside the scope of employment.

Internet - Student Access to Internet & Computer Network Policy

One of the major purposes of the Internet is to support research and education in academic institutions in the United States by providing access to unique resources. The use of the Internet in the Dickinson Public School District must be in support of educational goals and consistent with the stated objective of the school District. Use of other networks or computing resources must comply with the rules appropriate for that network. The Dickinson Public School District is bound by the Acceptable User Policy of its current Internet Service Provider.

Transmission of any material in violation of any federal or state law or regulation is prohibited. This includes, but is not limited to, copyrighted material, threatening, harassing, or obscene material, or material

protected by trade secrets. Use for commercial activities by for-profit institutions is generally not acceptable. Use for product advertisement is also prohibited. Illegal activities are strictly prohibited.

The use of the Internet for any use other than required curriculum activities is a privilege not a right. Inappropriate use may result in cancellation of those privileges. This cancellation of privileges may be up to 12 months and includes all available computers in the Dickinson Public School system. Based upon acceptable use guidelines outlined in this document, faculty and administrators will determine what constitutes inappropriate use and their decision is final.

Users are expected to abide by generally accepted rules of network etiquette. These include, but are not limited to the following:

1. Be polite. Do not write or send abusive messages to others. Do not post anonymous messages.
2. Use appropriate language. Do not swear, use vulgarities or any other inappropriate language.
3. Do not reveal the personal home address or phone numbers of students or colleagues.
4. Note that electronic mail (email) is not guaranteed to be private. Messages relating to or in support of illegal activities may be reported to the authorities.
5. Do not use the Internet in such a way that would disrupt the use of the Internet or the network by other users (e.g. downloading large files during prime time, sending chain letters or mass email messages, annoying other users).
6. Do not post personal communications without the original author's consent.

Users who identify a security problem on the network must not communicate the problem to other users and must promptly notify the system administrator. Users must not use another individual's account nor give their password to others. Logging into the network with another's login will result in a cancellation of user privileges. Attempts to login to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of inappropriate use of the network or Internet may be denied access.

Vandalism will result in cancellation of privileges. Vandalism is defined as any attempt to harm or destroy data of another user and/or any workstation or network hardware, software or cabling that is part of the network. This includes but is not limited to uploading, downloading, creating computer viruses, damaging computers, computer systems, computer networks, or intentionally wasting resources.

Obscene, abusive or otherwise offensive language may appear on the Internet, as well as sexually explicit, racially biased, or other offensive materials. Dickinson Public Schools, while providing access to the seemingly limitless resources on the Internet, will attempt to protect students from the location of questionable materials. This will be accomplished by educating parent(s) or guardians and students about the Internet and by controlling access when appropriate and feasible. It is the responsibility of all students to access only appropriate servers and sites on the Internet. The Dickinson Public School District is in compliance with the Children's Internet Protection Act, which mandates that the Internet be filtered in educational institutions.

To gain access to email and the Internet all students under the age of 18 must obtain parental permission. Parent(s) or guardians desiring their children to have access must sign and return the proper form. A new form will be signed when a student is first registered in the school District and upon entering the junior high and high school levels.

Children's Internet Protection Act (CIPA)

Schools applying for e-rate funds must have a technology protection measure in place that blocks or filters Internet access. This filter may be disabled for bona fide research for adults. The policy must include monitoring the online activities of minors.

The Internet safety policy must address:

- access by minors to inappropriate matter
- safety and security with email, chatting on the internet, etc.
- unauthorized access
- unauthorized disclosure
- measures to restrict minors' access to materials that are harmful to minors

This measure is necessary for e-rate funding and Title III of the ESEA and Library Services and Technology Act funds.

Sendit Technology Services (STS), our Internet service provider, provides filtering to our school District with 8e6 Technologies Hardware (formerly X-Stop). The URL database is updated daily. This filter prevents students from accessing web sites that are not consistent with K-12 curriculum. The categories blocked are: alcohol, anarchy, chat, criminal skills, cults, drugs, gambling, hate groups, obscene and tasteless sites, personal ads, pornography and public web proxies. The filtering policy can be found on the STS web site: <http://www.sendit.nodak.edu>.
